(S) WM. B. QUINN,

(S) ARTHUR POTTERTON,
Director, Dept. of Parks and Public Property.

The City Clerk then read the following notice sent to each member of the Board of Commissioners:

July 6th, 1933.

Dear Sir: This is to advise you that a special meeting of the Board of Commissioners of Jersey City has been called for Monday, July 10th, 1933, at 11 o'clock A. M. Daylight Saving Time, in the Assembly Chamber, City Hall, Jersey City, N. J., for the purpose of considering such matters as may come before the Board.

Kindly arrange to be present.

Youre very truly,

(S) EDWARD J. HOLLAND,
City Clerk.

Commissioner Quinn submitted the following statement which was read by the City Clerk:

Statement of Acting Mayor William B. Quinn, Director of Revenue and Finance, which was read by City Clerk Edward J. Holland at a special meeting of the City Commissioners before the resolution was passed reducing salaries of all city employees forty per cent except those getting $1,000 or less annually.

The full text of the statement follows:

It is with real regret that the City Commission was compelled last week to pass resolutions authorizing the City Collector to hold a tax sale of all property owned by those in arrears for property or water taxes. Everything possible that could be done has been done in the past few weeks to avoid such a proceeding. However, it finally came to the point that, if all departments of the city government are to function, such action had to be taken in order to balance the budget and meet the cost of government.

It is also sincerely regrettable that, in order to defray the immediate cost of government, we have had to meet here in special session today (Monday) to pass a resolution reducing salaries of employees of the various departments of the city government.

Jersey City's cash position has been seriously impaired by the mounting tax delinquencies of the past two years. This situation has been further aggravated by the complete collapse of municipal credit sources since the bank holiday was declared last March 4. Prior to that date the New York bond market readily absorbed all bonds of Jersey City issued to fill the gap left by tax delinquents. When that avenue for borrowing was closed by the general freezing of credit throughout the United States, the full burden of taking care of the current financing of this city; that is, lending money to the city in order to make up for overdue taxes, fell entirely upon the local banks. It is obvious that they could not carry that burden to an unlimited extent. The local bankers have advised us that they have reached their limit and find themselves unable to lend the city any more money under any condition for the balance of this year.

The city officials have therefore been faced with several possible courses of action necessarily brought about by this freezing of credit.

If salary payments were continued in full, the latter months of this year would be payless months. It is indisputable that complete collapse of payroll payments causes undue hardships upon employees, with the consequent break in morale and lowering of efficiency in carrying on municipal functions. Chicago, Detroit, Philadelphia and Atlantic City bear ample witness to that.

The neighboring City of Newark is unable at present to meet the payroll and no employee of that city was paid any salary on July 1st. And the City of Newark, though a prominent example, is only one of 1,900 communities in the country which are similarly situated. In view, therefore, of the fact that over 1,900 municipalities have defaulted or are paying in scrip, the City Commission of Jersey City is justly proud of the City's record during this period of world-wide depression and economic distress. Up to now Jersey City has not defaulted on a single claim nor has it missed paying its employees. The Commissioners feel that the plan they have been forced to adopt in this present emergency will keep Jersey City solvent as well as keeping all departments of the city government functioning.

As the City Commission is faced with the problem of carrying on municipal functions for the next six months with the cash now in hand and with the receipt of taxes anticipated for that period, the following steps have been decided upon in order that the functions of the City Government may be continued at the highest possible level of efficiency with the least possible hardship upon employees.

In order to conserve all cash possible, the Commission has decided to refund all principal payments on the public debt coming due during the remainder of this year. When a bond falls due, the bondholder will be paid his interest and will take a new bond instead of cash payment. Such transactions are now commonplace and will in no way impair the credit of the city.

The Commission has ordered that in addition to the reductions in effect since the first of the year, all expenses must be drastically reduced wherever possible, in order further to conserve the city's cash.

A complete survey and study of Jersey City's financial situation compels the adoption of the following plan for all city employees:

Salaries of all city employees receiving more than $1,000 annually shall be reduced 40 per cent. of their present salary payments, excepting that no salary of more than $1,000 annually shall be reduced below that figure.

All employees receiving $1,000 or less annually shall not be affected.

This reduction shall be effective and applied to all salaries and installments due July 15th, 1933, and thereafter.

The City Commission has been in touch with Mayor Hague regarding both the tax sale and salary reductions. He vigorously opposed both, but finally reluctantly assented when it was explained that nothing else could be done at this time to cope with the acute situation which confronts us. The Mayor has indicated that he is not fully satisfied, and feels that upon his return the drastic action which the City Commission has been forced to take at this time can be modified.

The City Commission feels that under the various plans for economic recovery advocated by President Roosevelt and adopted by Congress the general economic conditions are improving and that these plans will shortly bring about a decided change for the better. The plan which the Commission has outlined calls for the co-operation of taxpayers, employees and bondholders. It makes the best possible use of available resources and also places Jersey City in a tremendously strong financial position, which will stand it in good stead when credit facilities become normal.

The City Commission fully realizes the hardship such a reduction in pay means to every city employee and their families, but we feel such that all will co-operate in this emergency and render the same loyal, faithful and devoted service in their respective positions during this crisis that they have rendered in the past.

On motion of Commissioner Fagen the foregoing statement was received and ordered filed. Seconded and carried.

Commissioner Quinn then moved the adoption of the following resolutions. Seconded and carried.

By Mayor Hague:

Whereas, The Board of Commissioners of the Mayor and Aldermen of Jersey City did by resolution passed July 10, 1933, fix and determine that the salary and compensation to be paid to officers and employees of and persons holding positions in said municipality of Jersey City should be as follows, viz.:

ALTERATION HEARINGS

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the granting of the following described application:

Frank DeBlase, sign, 34 Coles Street, the City Clerk read the public notice and application and then called for anyone who might desire to protest against the granting of said application. No one appeared to protest and no written protests were received.

By Commissioner Quinn for Mayor Hague:

Resolved: That application of Frank DeBlase for permission to erect sign projecting eight feet beyond building line at 34 Coles Street, be approved as per plans on file, same having been duly advertised according to law and no protestants appearing. This permission is granted with the understanding that said sign will comply with all sign ordinances.

At this time a delegation of residents and property owners in the vicinity of Garfield Avenue between Central Railroad and Carteret Avenue, appeared before the Board and protested against the nuisances created by the operation of a chemical plant in that vicinity; they stated that the fumes and dust emanating from the plant are causing serious damage to property, ruining their trees and flowers and it is unbearable to live in that vicinity; that it is detrimental to their health.

Mr. Sullivan of the Health Bureau appeared and advised the Board that the Health Department has already filed a court case and it was to come up next Thursday but he understands that it is to come up the following Thursday, having been postponed, and for that reason the people who are protesting were not subpoenaed to appear; that he now has 88 subpoenas to be served on the people in that neighborhood; that the department feels they have a just complaint and a complaint has been served on the company; that the reason these subpoenas have not been served is that the Health Department felt that they did not want the people to lose any time or pay from their work by reason of the postponement; that he personally has made an investigation and taken a sample of the dust from a roof and has satisfied himself that it is the same as the dust coming from that plant.

Thereupon Commissioner Potterton advised the protestants that Mr. Sullivan has the matter in hand and he is sure that the Commission will cooperate to the fullest extent.

CITY ORDINANCE

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of holding a public hearing and considering the final passage of the following ordinance: "An Ordinance regulating vehicular traffic upon certain roadways or highways in the city of Jersey City" (Pulaski Highway), the Acting City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the passage of said ordinance.

Mr. E. J. Theisen, of 153 Nelson Avenue, Jersey City, N. J., appeared for the New Jersey Industrial Traffic League. He stated that it is an association of traffic managers of shippers and receivers of the State of New Jersey and they desire to oppose section two of the ordinance, denying the use of the Pulaski Highway to commercial vehicles; that it is on the principle that they believe it would be detrimental to the industrial growth of New Jersey if such an advanced highway were closed to industries in the State of New Jersey; that the Newark indusries would be penalized for the actions of the others and the beneficial results intended would be frustrated by such an ordinance; that the State has given its financial aid for the highway and has supplied this highway as a chief artery of transportaion; that the transportation of inferior arteries—

By the Mayor:

Let me interrupt you; you mean the Lincoln Highway?

By Mr. Theisen:

The Lincoln Highway, we would say that it is inferior road from a standpoint that there is obstruction to it.

Q. In the bridges being open, but it is not an inferior road?

A. We would consider it inferior.

Q. What we would consider inferior is one that is not passable and would destroy brakes and springs?

A. Comparatively inferior to the skyway.

Q. What you mean is the opening of the bridges would render it so, but it is not inferior?

By Commissioner Potterton: The roadbed is not inferior.

Q. You say that the roadbed is inferior?

A. We do not say that, but it is a secondary road. Such discrimination against vehicles is undue. The League opposes the ordinance and solicits the support of the officials to keep the road open for commercial vehicles. As Freight Chairman of the Traffic Club I desire to put the Jersey City Traffic Club on record as opposed to such action from the standpoint that it would impede fast, convenient and cheap transportation between Jersey City and points west. We consider that the skyway has enabled industries of Jersey City as well as other points in Hudson County to make better connections with industries in Newark, to the benefit of the entire State. For that reason we have industries who require immediate material, and it means a charge across the river or under the tunnel. On the other, we have the skyway, that can get us to Newark quickly and enable our drivers to get back in shorter time, whereas if we had the bridges, nine out of ten times the truckmen would be delayed an hour and blame it on the bridge.

Q. Let me ask a few questions: What percentage of the large motor vehicle, the truck type, utilized this highway of the daily traffic? Have you any idea?

A. No, I have not.

Q. Do you know it is very small percentage?

A. Of the number of vehicles?

Q. Do you know that we have one million vehicles a month going over that highway? Do you know that your percentage is very small percentage of that one million? What we are endeavoring to do is this. There are no selfish motives. We have no interest other than the travelling public. We have endeavored for one year to try and bring about a condition that would be to the benefit of everybody concerned and protect lives and property of the people. Now, one year has elapsed, and in that one year I think there were fourteen people killed and a hundred some odd accidents in that one year. Now, we have exhausted every available means that we had in our power to try and bring about a condition that would better itself and the safeguarding of lives, to the extent that we inaugurated a drive with the understanding that every man and woman that was subpoenaed and a ticket issued to, had to honor that ticket in the police courts of Jersey City, and no ticket was allowed to go without them responding to the call. In that way we brought about two thousand in possibly two months from the 27th of July to September 26. Still, these accidents continued, speeding at 70 miles per hour, and naturally it is so attractive it is only natural that it would be done. Here we are confronted with this condition; what course can we take? Have you any suggestions other than your objections? If there is any cure that your body or club can offer that would remedy this and safeguard the lives on that highway. We are not selfish in our motives; we are trying to safeguard the lives of men and women. For instance, a husband and father and his children were killed outright. The whole family wiped out on one accident. You can see, young man, we have not been influenced by selfish motives; it is because of the public press and the authorities. These dangers are there, and how are we going to cure them?

A. My opinion is, Mr. Mayor, we appreciate your duty to control and minimize the accidents on the skyway, but in my opinion, no matter how we regulate, we regret to say it sacrifices to progress. What we mean by that is the skyway is a race track. There are no crossroads. A person is desirous of speeding it up. We appreciate the fact that there are quite a few accidents on the skyway; we appreciate the fact that you have tried your utmost to control the accidents, but we do desire to point out the distinct benefit to industry, and in that way it would be more to the benefit of the State and its citizens to a certain extent if we were to control it rather than keep it out or deny the trucks from using the highway. I myself am not going to discuss and suggest any means to remedy it. You have made a thorough investigation. If there is no way to control it, we appreciate that human lives are more than growth, but if we do take the trucks off the highway, the State of New Jersey would take the trucks off the good roads and put them on the inferior roads, and it would be detrimental in trying to make New Jersey an industrial area equal to none. We are between two transportation areas. If we do encourage trucks which take the place of railroads, we will find out that our center New Jersey area will be unparalleled, as located between the New York and Philadelphia areas, in addition to our large population and the Port Authority of New Jersey.

Q. Let me interrupt you again. Out of one million vehicles a month there are 900,000 of light motor vehicles utilizing the roadway. I say fifty thousand is what we give your trucks in one month as against 95 percent of the traveling public. Do you mean to tell me that in that legislation, to favor your group as against 95 per cent of the traveling public?

A. No, sir; we would not expect that.

Q. Remember these are human lives. Do you know that, with very few exceptions, accidents have been caused by your trucks being out of line and throwing everybody out of line coming east?

A. Of course, I have not studied it the same way you have.

Q. This is the evidence produced in our courts. Let us adopt your plan and let us adopt the plan suggested by the officials that we inaugurate two lines of traffic. One is the slow moving line for the trucks and then the fast line of fast vehicles. Do you know that with the five-mile an hour trucks that your trucks are going to lost fifteen minutes on that highway? Do you know that you can pick up the Lincoln Highway at the lower end of Jersey City at the skyway and you can be in Elizabeth before you get over the last bridge on the Pulaski Highway? If we inaugurate the program you ask us to, there will be no trucks leaving that line. If you put that down, we will make you sick. If you come in and ask us to eliminate that line. Out of every ten trucks, three of them are five-mile an hour trucks. If you think you are going to satisfy trucks capable of traveling 60 miles per hour to stand behind trucks that make five miles per hour, it cannot be done. That type of cure is worse than the ailment. If we eliminate our plan and permit the trucks to use that roadway. They must take into consideration that coming from the Holland Tunnel, when you try the Pulaski Highway, it is a climb, and we have checked and we have registered the slow moving vehicles and their speed limit is five miles per hour. If you think the same thing is prevailing in the tunnel, if you think you are going to make progress in that type of regulation, you are only destroying the purpose of your visit. We want to go into this picture and help everybody. Picture the lives and property of our people. We know how essential it is to protect industry. There are members in this Commission over twenty years struggling with this condition. We know what it means for industry to pay large taxes, to operate our schools and police and fire departments. Here is a problem confronting our Commission—here is a beautiful highway, costing twenty millions to construct. Here are trucks coming from all parts of the country. Some of those trucks measure nine or ten feet in the rear. They push everybody in the fast line and then the accidents. If those trucks were ever compelled to go into that line and if they violate that rule, they are going to be fined severely. I am going to give them jail sentences. If you want that rule you are going to answer to it. You are not going to kill people and get away with it. If you embarrass this ordinance and you obstruct us in any way, we will apply the law and it will be applied. Nobody will interfere with it. They will wish they had the Lincoln Highway to themselves to make forty or fifty miles per hour. You better go back to your people and tell them the condition. It is our problem, it is not a problem for the people from other parts of the state. We are going to protect their lives and property.

A. When you do say keep them in lane, we admit that is the safest way. Still, the police or governing officials should try and expedite traffic. We have the same condition in vogue in New York. If the police notice slow moving trucks they allow them to use the other lane.

Q. You cannot do that in safety. You might as well understand that. Accidents are caused by just what you are asking us to do. We have got to do one of two things. Let them confine that traffic on Lincoln Highway.

A. I do believe that the trucks are safer on the skyway, being as there are no pedestrians or parallel car lines.

Q. From the time they leave Pulaski Highway, taking the Plankroad, there are no cross roads, no obstructions from ehe time they leave that highway to the State Highway in Newark. Here they pick it up and go on. I agree with you on the bridge. The United States Government has given the right of way to street traffic rather than river traffic. If your people think you are going to benefit by your plan, you are mistaken. This is not in the form of a threat. It is a serious condition and we as serious men are going to treat it that way, as long as I am Mayor of this city. I am going to apply it and my colleagues are going to stand behind me.

A. We would say that the controlling of such a large and advanced project is better than taking it out of utilization. We would say that the skyway's effectiveness, it's result would be cut practically fifty percent, if we did take the industrial vehicles off the skyway.

Q. Fifty percent of the accidents?

A. Value of bridge to the State. It is the connecting link between Newark and Hudson County.

Q. You are discussing with me and trying to simply say to me that the usefulness of those trucks means so much to the State, that the highway was purposely built for the use of trucks. You mean to tell me that the taxes on your motor vehicles and gasoline tax paid to the State means more as against the 900,000 other vehicles?

A. The construction of the highway was to give the State and its citizens expedited service.

Q. Why is that the City of New York does not permit commercial trucks or passenger buses on the new highway running from Canal Street to 72nd Street? Why is it that they don't permit any trucks or any fast moving bus, and not an accident on that highway in two years?

A. Because it is an express highway and from my information, the trucks have a parallel road.

Q. The purpose of Pulaski Highway is to take you out of traffic congestion. It was not to take the trucks off. The New York speedway has not any more parallel road than our highway, paralleling the Pulaski Highway. Let me say this to you, the Plankroad runs parallel with the Pulaski Highway. It contacts with the City of Newark at the end of the Pulaski Highway and then you can continue on to the Shore or any other place. The only argument you can give is the opening of the bridge. As against that, must we sit here and see people slaughtered? The record shows that the only time lost between Lincoln Highway and Pulaski Highway is three minutes. That is with the bridge closed. Not with the bridge open. Now if you can say to me that we should endanger the lives of people because of three minutes, then you have no merit in your argument.

A. We are only taking a stand to prevent the further recklessness of outsiders. If we do construct a large enterprise such as the skyway and not enable industries to benefit by it, we shall find it detrimental.

Q. How many of those trucks you are referring to utilize this highway? Give me the number. Is there fifty?

A. The League I am representing.

Q. Yes.

A. There are large industries in New Jersey, I do believe there are more than fifty.

Q. Is there 100?

A. I would say there are more.

Q. Let us say two hundred. Then the other remaining number are from out of town trucks and they don't belong here, and we must submit to that because there are two hundred trucks of your people and the rest outsiders, let them come in and slaughter these poor people without any chance of protection. I think it is unfair and I think your group is open to criticism. This thing has been open for two weeks and not one of your members have asked the Commission or the Mayor to take the matter up. I think they are not serious or sincere in their efforts to try and help this Commission to solve this problem. I think the first thing they should have done is to communicate with the Mayor of this city to see if we could not work out a situation that would remedy the condition. Now, they are going to prohibit the City from taking such action. All right let them do it. They will find out they have got someone down this end of the city who is going to do something.

A. I want to clear up one thing. We are not desirous of opposing the Commissoin of Jersey City in minimizing the accidents on the skyway. We are simply bringing to you the possible effects that will happen to industry. We appreciate that you have made an investigation.

Q. Not an investigation. We lived with it. We had three policemen slaughtered on it at one time. We have made three or four thousand arrests in one year. We have not made an investigation. The investigation is living on that highway, with ten or fifteen young policemen being mowed down and killed. The trucks are the cause of it all.

A. May I ask the Commission, if they cannot control the drivers on the Pulaski Highway?

Q. I would say yes. With the installation of traffic booths and the lights and the living up to the rule that no one shall cross the line. And if we can get the trucks off, I want to say publicily that we will cut down these accidents to very nearly nothing. There is a perfect highway at your disposal. We will police it and regulate it and give you a speed limit that will carry you very speedily, and we will regulate those bridges, as against a slow moving line. We are public officials. We cannot be held up to ridicule and laughed at by the State. The remedy we are going to apply if we are compelled to on the slow moving line, everybody is going to comply with the regulations, I don't care if he is from Jersey City, or Newark, or some other part of the State or out of the State. If he violates that rule or crosses that line. Remember, you are going to find yourselves behind trucks going five miles per hour. I say to you, that if we find any one going across that line, I don't care if he is the brother of the judge or anyone else, he is going to comply. If you insist and prohibit the adoption of this ordinance and prevent us from the legal right, we will accept it and we will adopt the regulations. I say to you that every man and woman will live up to the regulations. There will be no killing on the highway.

A. I hope not.

Q. We are reaedy to go along with you. If we don't get the proper cooperation we will have to take the matter in our own hands and carry it out.

The Acting City Clerk advised the Commission that no objections had been received in writing against the passage of the ordinance.

Thereupon the Mayor moved the final passage of the following ordinance. Seconded by Commissioner Potterton and carried.

Resolved, That in addition to the powers and duties heretofore and hereinafter prescribed by statute, the following shall be the rules and regulations governing the distribution and sale of alcoholic beverages within the limits of the City of Jersey City.

1. The license fee for the sale of any alcoholic beverage in any barroom, tavern, restaurant, club or hotel, to be consumed either on the premises or off the premises, shall be the sum of five hundred ($500) dollars per annum.

2. A license shall be for the term of one year, from the first day of July in each year.

3. Every application for a license shall be accompanied by a deposit of the full amount of the properly pro rated annual fee for such license.

4. In the event that any licensee finds it impossible to conduct said business at a profit, and desires to surrender his license he may do so and upon physical surrender of his license a pro rated share of the license fee shall be returned to said licensee, provided, however, that he shall have not committed any violation of these or any other lawful rules and regulations.

5. The holder of each license issued hereunder shall be entitled, subject to the aforesaid rules and regulations, to sell for consumption on the licensed premises any alcoholic beverages by the glass or other open receptacle and also to sell all alcoholic beverages for consumption off the licensed premises, provided, however, that no licensee shall (a) conduct such licensed business or (b) suffer or permit any person whatsoever except the licensee and his actual employees and agents in or upon the licensed premises, except during the following hours only, to wit: Weekdays from six a. m. to one a. m.; Sundays from one p. m. to one a. m. During all other hours all shades, screens and other obstructions whatsoever must be removed so as to permit a clear view of the bar in said licensed premises.

6. No license shall be granted to any natural person or firm or association unless he or they shall have been a resident of the State of New Jersey for the past five years.

7. No licensee shall have in his employ any one under the age of twenty-one years or any female bartender.

8. No female shall be permitted to be served at a public bar nor shall any alcoholic beverage be sold over said bar to and for any female to be consumed upon the premises, provided, however, that this shall not limit the right to sell alcoholic beverages at tables to females over the age of twenty-one years in restaurants, hotels or clubs duly licensed pursuant to these rules and regulations and pro-

vided, further, that no female shall be served any alcoholic beverage in any room attached to or connected with or a part of or appurtenant to any barroom or what is known in the general acceptance of the term as the "back room of a barroom."

9. No licensee shall have, keep or possess at any time on the licensed premises any distilled, or fortified, or rectified or blended alcoholic beverages whatsoever in bulk. No such alcoholic beverage shall be sold on the licensed premises except in glass containers, properly sealed with all necessary government and state stamps affixed thereto, and properly labeled as hereinafter required, which containers shall hold not more than a "nip," half pint, pint or quart. All such containers shall be plainly labeled and truly declare in respect to the contents of each such container, (1) the name of the manufacturer, (2) the age, (3) the nature of the beverage therein, and (4) the trade name or brand thereof.

No such half pint, pint, quart of distilled alcoholic beverages shall be sold on the licensed premises for consumption thereon, but may be sold for consumption off the licensed premises.

10. "nip" is a container holding not more than two liquid ounces.

11. Every licensee shall report every two weeks to the Department of Public Safety on forms supplied by said Department, the amount of all alcoholic beverages on licensed premises and shall set forth in full detail the person, firm or corporation from whom said alcoholic beverages were purchased and by whom, how and when delivered and the number and size of the containers purchased and sold and the age and brand of such alcoholic beverage and such other information as said Department from time to time may require.

12. Following every sale of distilled or fortified, or rectified or blended alcoholic beverages, for consumption on the licensed premises, each licensee shall retain upon the licensed premises all containers so sold with the broken seals and stamps thereon until written permission of the Department of Public Safety is given for the removal thereof, whereon said last mentioned containers shall forthwith be removed.

13. If any container, filled, partly or empty, shall be found upon the licensed premises of any licensee without all lawful and proper stamps attached thereto or with forged, counterfeit, or in any otherwise unlawful stamps or if such stamps whether attached to any container of not, shall be found upon such licensed premises, then and in either of such events this license may be immediately revoked.

14. All mixed or concocted drinks to be consumed on the licensed premises shall be prepared, mixed or concocted in full view of the purchasers, whether the same are served at the public bar or at tables and the distilled or fortified, or rectified or blended alcoholic beverages used in the preparation, mixing or concocting of said mixed drinks shall be taken only from the sealed "nips" as hereinbefore referred to.

15. Any license issued hereunder may be suspended or revoked by the Mayor and Aldermen of Jersey City for any violation of these rules and regulations. No suspension or revocation of any license shall be made until a five-day notice of the charges preferred against the licensee shall have been given to him personally or by mailing same by registered mail addressed to him at the licensed premises and a reasonable opportunity to be heard thereon afforded to him. The hearing shall be held before and conducted by the Director of the Department of Public Safety. Upon the completion of said hearing the said Director shall present a stenographic transcript of the proceedings before him and report his findings of fact to the aforesaid, the Mayor and Alderman of Jersey City, who shall determine what action, if any, shall be taken. All suspensions or revocations of license shall

be effected by notice in writing or such suspension and revocation, designating the effective date thereon and in case of suspension the term of such suspension, which notice may be served upon the licensee personally or by mailing the same by registered mail addressed to him at the licensed premises. Such suspension or revocation shall apply to the licensee and may apply to the licensed premises. Any revocation shall render the licensee ineligible to receive any other license under these rules and regulations for a period of two years from the effective date thereof and may in the discretion of the said the Mayor and Aldermen of Jersey City, render the licensed premises ineligible to become a subject for any further license under these rules and regulations during the said period of two years.

16. No refund shall be made of any portion of a license fee after issuance of such license, except as hereinbefore especially provided.

17. All licenses issued under these rules and regulations shall be subject to the right hereby reserved by the Mayor and Aldermen of Jersey City to change, alter, amend or repeal the same at any time.

By Mayor Hague:

Resolved, That pursuant to the act entitled, "An Act concerning Alcoholic Beverages" being Chapter 436, Pamphlet Laws 1933, the Board of Commissioners of the Mayor and Aldermen of Jersey City hereby make and declare the following to be the rules and regulations governing the sale and distribution of alcoholic beverages within the limits of Jersey City.

4. The holder of each license issued

6. No licensee shall have in his employ anyone under the age of twenty-one years or any female bartender.

7. No female shall be permitted to be served at a public bar nor shall any alcoholic beverage be sold over said bar to and for any female to be consumer upon the premises, provided, however, that this shall not limit the right to sell alcoholic beverages at tables to females over the age of twenty-one years in restaurants, hotels or clubs duly licensed pursuant to these rules and regulations and provided, further, that no female shall be served any alcoholic beverage in any room attached to or connected with or a part of or appurtenant to any barroom or what is known in the general acceptance of the term as the "back room of a barroom."

8. No licensee shall have, keep or possess at any time on the licensed premises any distilled, or fortified, or rectified or blended alcoholic beverages whatsoever in bulk. No such alcoholic beverage shall be sold on the licensed premises except in glass containers, properly sealed with all necessary government and state stamps affixed thereto, and properly labeled as hereinafter required, which containers shall hold not more than a "nip," half pint, pint or quart. All such containers shall be plainly labeled and truly declare in respect to the contents of each such container, (1) the name of the manufacturer, (2) the age, (3) the nature of the beverage therein and (4) the trade name or brand thereof.

9. A "nip" is a container holding not more than two liquid ounces.

10. Every licensee shall report every two weeks to the Department of Public Safety on forms supplied by said Department, the amount of all alcoholic beverages on licensed premises and shall set forth in full detail the person, firm or corporation from whom said alcoholic beverages were purchased and by whom, how and when delivered and the number and size of the containers purchased and sold and the age and brand of such alcoholic beverage and such other information as said Department from time to time may require.

11. Following every sale of distilled or fortified, or rectified or blended alcoholic beverages, for consumption on the licensed premises, each licensee shall retain upon the licensed premises all containers so sold with the broken seals and stamps thereon until written permission of the Department of Public Safety is given for the removal thereof, whereon said last mentioned containers shall forthwith be removed.

12. If any container, filled, partly or empty, shall be found upon the licensed premises of any licensee without all lawful and proper stamps attached thereto or with forged, counterfeit, or in any otherwise unlawful

stamps or if such stamps whether attached to any container or not, shall be found upon such licensed premises, then and in either of such events this license may be immediately revoked.

13. All mixed or concocted drinks to be consumed on the licensed premises shall be prepared, mixed or concocted in full view of the purchasers, whether the same are served at the public bar or at tables and the distilled or fortified, or rectified or blended alcoholic beverages used in the preparation, mixing or concocting of said mixed drinks shall be taken only from the sealed "nips" as hereinbefore referred to.

14. Any license issued hereunder may be suspended or revoked by the Board of Commissioners of the Mayor and Aldermen of Jersey City for any violation of these rules and regulations. No suspension or revocation of any license shall be made until a five-day notice of the charges preferred against the licensee shall have been given to him personally or by mailing same by registered mail addressed to him at the licensed premises and a reasonable opportunity to be heard thereon afforded to him. The hearing shall be held before and conducted by the Director of the Department of Public Safety. Upon the completion of said hearing the said Director shall present a stenographic transcript of the proceedings before him and report his findings of fact to the aforesaid, the Board of Commissioners of the Mayor and Aldermen of Jersey City, who shall determine what action, if any, shall be taken. All suspensions and revocations of license shall be effected by notice in writing of such suspension and revocation, designating the effective date thereon and in case of suspension the term of such suspension, which notice may be served upon the licensee personally or by mailing the same by registered mail addressed to him at the licensed premises. Such suspension or revocation shall apply to the licensee and may apply to the licensed premises. Any revocation shall render the licensee ineligible to receive any other license under these rules and regulations for a period of two years from the effective date thereof and may in the discretion of the said Board of Commissioners of the Mayor and Aldermen of Jersey City, render the licensed premises ineligible to become a subject for any future license under these rules and regulations during the said period of two years.

15. No refund shall be made of any portion of a license fee after issuance of such license.

16. All licenses issued under these rules and regulations shall be subject to the right hereby reserved by the Board of Commissioners of the Mayor and Aldermen of Jersey City to change, alter, amend or repeal the same at any time.

At this time Counsellor Ezra Nolan appeared with a delegation comprising about two hundred and fifty members of the Hudson County Shoe Rebuilders of Jersey City, consisting of retail shoe repairers, bootblacks, hat renovators and cleaners. He stated that they are the small business men here in Jersey City, all of them citizens and have been doing business in their small way for a great many years; that they have worked conscientiously and earnestly to regulate their business hours so that they would be in position to enjoy their private life; that in the past they have found that certain shoemakers would keep open from early morning until twelve at night, and the result was that one would have to remain open the same way, so that he could successfully compete with his opponent; that they have organized themselves into a corporation so that they could continue their business in a friendly way among themselves; that the City Commission have always, wherever possible, have placed themselves in a position whereby they could help the small merchant, and now they have gotten together and passed a resolution calling upon this Commission to pass an ordinance regulating their hours of business; that he appreciates the fact that the Commission has passed similar resolutions and found themselves in an embarrassing position because of the fact that the police would be called upon to assist in the enforcement; that this organization is not asking that, and feel that they can and will control the situation among themselves; that practically 95 per cent of the organization have agreed to abide by this condition; that there are certain members of the profession which are controlled by corporations from out of the state, who opened up the chain store idea, where they regulate and cut the prices, but this will be regulated by the NRA and the opening and closing will be regulated by this Commission.

By Mayor Hague:

You must keep this in mind, that you have got to consider the public always in dealing with questions such as this. They are for the public interest. The public must be considered. They must not be embarrassed. The public must be safeguarded. In our efforts to make life pleasant for these people we must proceed so that it will not be impossible for the public to go along in the regular routine of life. For instance, we take the drug stores, other certain necessities of life, we cannot regulate the business of that kind, because the public is involved. Here the public is involved, and they come first.

Mr. Nolan then read the resolution adopted by his organization, and he stated that it is signed by 265 members.

The Mayor stated that the six o'clock closing hour for Wednesday, in his opinion, should be changed to seven o'clock, and that he cannot see any objection to the other proposed regulation.

Mr. Nolan stated that the change is satisfactory to the organization.

By the Mayor:

Of course, there are a lot of conditions and a lot of problems confronting the Commission. We have always in our efforts to try to keep government out of business. We have always done everything possible to do that. I have always been a great believer that business should run their own affairs. Of course, in this case and other cases before us, the fruit dealers and barbers, they are in the same category. Of course, it may be possible to permit these three people to come in and regulate their hours by ordinance provided it does not work hardships on the people of our city. These interests we have before us are of public service. We cannot let these people take the position that they come first before the public, because they are earning their livelihoods from the public, and they must render the type of service the people want to pay for, and the people expect that we regulate this business so that it will not embarrass them. We have come to the conclusion that we are going to give this a trial on the three various groups. It is perfectly all right if we can get the proper ordinance prepared. I want the City Clerk to notify the other two groups to get in touch with the Corporation Counsel. We will work out the matter and present it at our next meeting. We should like to have the representatives of the barbers and the fruit dealers and the same representatives of this group at our next meeting, and the Corporation Counsel will hold himself in readiness to prepare the necessary ordinance.

Thereupon Counsellor Nolan and the various members of the delegation extended their thanks to the Mayor and Commissioners for the co-operation afforded them.

At this time a large delegation of citizens appeared before the Board, seeking information concerning the alcoholic beverage regulations.

By the Mayor:

I presume there are a number of people present who wish to obtain information concerning the liquor regulations. Because of the complications in this liquor question and the necessity of making proper investigations and proceeding carefully, it was impossible for this Commission to proceed sufficiently fast enough to meet the demands of the licensees. Therefore it is going to take a lot of time before we can take the matter up. Therefore you stand where you are and nobody will bother you. Go right along and sell your liquor as if the license was issued to you. We want you to sell good liquor ,and not bootleg liquor, until we reach this retail group; we cannot take any action. The police will not molest you. You are to proceed legally and lawfully until we reach this group.

Mr. Guckenberg, representing the grocers and delicatessen men, stated that they are interested only in the original containers.

By the Mayor:

We must live up to our rule about hard liquor, on the premises. It must not be consumed. You will get into serious trouble where there are women and children frequenting your place. Up to date, I want to compliment you on the manner you have conducted your business. If you are fortunate enough to obtain licenses, I hope you will continue. Holders of temporary licenses will not be interfered with. Proceed just as you are going.

Present: Commissioners Fagen, Potterton, Quinn and Mayor Hague.

The Mayor thereupon directed Mr. Rooney to communicate with the executives representing the barber's organization, the fruit and vegetable dealers and the boot and shoe repair men, for the purpose of a satisfactory adjustment of the regulations and to have their delegations present at the Commission meeting when the ordinance is presented to the Commission.

MEETING OF JANUARY 16, 1934

Minutes of a Regular Meeting of the Board of Commissioners of Jersey City, held on Tuesday, January 16, 1934, in the Assembly Chamber, City Hall, Jersey City, N. J., at 10:30 A. M.

Present: Commissioners Fagen, Potterton, Quinn and Mayor Hague.

Absent: Commissioner Beggans (excused).

ALTERATION HEARINGS

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the granting of the application of M. H. Harris, for permission to erect a projecting sign at 29 and 31 Veterans' Square, the City Clerk read the public notice and the application, and then called for anyone who might desire to protest against the granting of said application. No one appeared to protest and no written protests were received.

By Mayor Hague:

Resolved, That application of M. H. Harris for permission to erect sign projecting five feet beyond building line at 29 and 31 Veterans' Square, be approved as per plans on file, same having been duly advertised according to law and no protestants appearing. This permission is granted with the understanding that said sign will comply with all sign ordinances.

Adopted.

Yeas: Commissioners Fagen, Quinn, Potterton and Mayor Hague.

Nays: None.

At this time Counsellor William Egan appeared before the Board with a large delegation of liquor dealers of Jersey City, headed by Mr. Gustave Fricke, President of the organization.

Mr. Egan stated that he represented the liquor dealers of Jersey City of which Mr. Fricke is the President; that there are some representatives here who wish to address the Commission, from the American Federation of Labor.

The Mayor then stated that the Commission is not dealing with the bartenders now, but with the liquor dealers.

Mr. Egan stated that it is the contention of the members of the association that the ones to handle liquor should be the persons in that profession and who are experienced in that line, such as a restaurant man handling a restaurant, etc.

By the Mayor:

A. Yes.

Q. Are you referring to the chain stores as against the liquor dealers?

A. Yes, sir. I have a throw-away showing the prices of Snug Harbor and other liquor, advertised as showing a profit of nine cents a pint. Those liquors cost approximately $21.50 a case, which is about ninety cents a pint. With advertising, etc., it is certainly going to make it cut-throat competition. That man is only handling it as a side line. He has no additional help and by his cut-throat competition, he is driving these men who have their life savings invested and who is handling this business alone, out of business. I notice in the regulations that no licensee shall employ anyone under twenty-one and no females. We would like to see that enforced against the package stores also. But if they are to be granted licenses, our main objective is to ask your Honor not to grant those licenses—perhaps I might be misusing the words—or to be extremely careful. They should be instructed. For example, this did not happen in this city. It happened in the neighborhood city. A young boy 12 years of age went to a chain store for groceries and the clerk asked the young man to ask his mother if she had her holiday liquor supply on hand. A young man of 18 could go down and buy groceries and get a pint of liquor. I am speaking for interests which are vitally concerned. We are looking out for our own business. There is a social problem involved and in these stores patronized by women and children. The liquors are displayed and their prices are cut to the extent that men who are making their life's work in this business cannot hope to compete with them.

By the Mayor:

I don't agree with this circular at all. I don't like it, but is it not a fact that the prices are due to the fact that they are selling inferior liquor?

A. None of those brands are any good.

Q. But this liquor he sells, you would find on examination, that they are not fit for consumption.

A. I have had considerable experience with the wine dealers and I find that it is impossible for a wine man to sell at that price.

By the Mayor:

Let me interrupt you. I agree with you on the chain store proposition. The thing that disturbs me was that they were claiming discrimination, and the fact that they have been granted temporary licenses has led them to believe that the license fee is going to be of a similar nature. In order to be fair with the retail men who are going to open stores. We felt that a man who sold it in packages and a man who sold on the premises to be consumed, we thought in justice to your clients, that the fee be made the same as your clients in order. Should we deny the storekeeper the right of a license, I am afraid we will not get by with that proposition. I think the fact that they cannot have loose liquor on the premises is a severe restriction on our part. They cannot consume any of that on the premises. Other cities have $100.00 fees set for chain stores. I think that is a rank injustice to the retail saloonkeeper to attempt to reduce that license fee to $100.00. I don't anticipate any great trouble from the chain store or delicatessen or small store. They cannot compete with your clients. People feel that because of the publicity that has been circulated in the country, all of the gold and fortunes that have been accumulated in the liquor business. I think the $500.00 license fee to protect your clients, is the one thing that is going to stop them. They cannot sell at reduced prices. They cannot buy bootleg liquor and sell it at 59c and compel the legitimate liquor dealer to sell at $2.00 or more. We are not going to discriminate. The good honest saloonkeeper is going to get every ounce of protection from me. I want them to make every dollar they can, legitimately, and I want them to keep competition clean. That was the result of the conference of the Commission. There were arguments for the $100.00 fee and the Commission and myself said "no." We want fair, clean competition.

By Mr. Egan:

The fact that the chain stores might use one store as a key store and take orders for the others.

By the Mayor:

Your clients should have no fear of the method with which we intend to run that business. You bring all those facts to the Chief of Police and we will correct that. No one major store is going to supply other stores. Every business is going to be $500 license, if they sell only one ounce of liquor. I know that some of the chain stores have withdrawn their applications. I don't know how we can go any further in fairness to everyone concerned.

By Mr. Egan:

I think they have decided to carry their battle to another front.

Q. They are trying to reduce their fee?

A. Yes sir.

Q. They will not reduce it with this Commission. I don't think it is fair for a body to reduce the licenses and make one a hundred, another two hundred and another three hundred and five hundred. We will not allow that. I think you have won a great victory when you held it to $500 a license. Suppose some of the men and women ask for a fifty dollar license, or a ten dollar a month or five dollar a month fee and say they are going to sell bottled beer or bottled liquor, it is a legitimate business. I said that is not the question before us. I said it is the question of honest men putting their investments in a legitimate business. I said I will protect that man with every ounce of force I have. I want to see that these stores are going to meet the same requirements that your clients are going to have. They are not going to sell five cent liquor and the man next door selling good liquor. Every man or woman who gets a license from this city is going to be compelled to sell the same good grade of liquor. The same identical liquor that your clients sell will have to be sold by everyone. I am not going to let them put in that old rat-gut to poison the people of our city. We overlooked the people who were selling during prohibition and allowed them to operate and I forbade everyone to go near them and during the period I said let them go on. Now they are dropping out. We want to wind up with all the legitimate stores, delicatessen, groceries, and then everybody will be happy, and everybody will be protected. I am not going to permit anyone to interfere with them. I am not going to permit the conditions that prevailed prior to prohibition. If you folks ever find out anybody selling inferior liquor in a store and trying to undermine your clients, selling liquor that is not taxed, etc., and you can prove your case, I will guarantee you that I will revoke that license.

A. We can give you that proof now.

Q. They are all having field days until we get our laws. That man referred to with the circular has no license as yet, until we are through with our investigation. I am not in favor of putting a saloon on every corner and in every spot in Jersey City. I appreciate that if there are five on one block, somebody is going to starve to death, and they are going to resort to all sorts of methods to dispose of liquor. We are not going to put four on a block or four on the intersecting streets. I don't want them to cut each other's throat. I want every man to have a decent place and earn a decent living and make some money. Referring to the Federation of Labor, I did not think it was involved at the present time. I will be glad to hear them at any time. Let them come later.

By Mr. Egan:

They wanted to talk about increased employment for the bartenders.

By Mayor Hague:

I say I am for that. I have no objection to that. They can organize and form a union. That was the case before prohibition. I knew there was no need of them coming into the picture until we have adjusted the matter with the president of the association and this board.

By Mr. Egan:

We would like to offer for your consideration the suggestion to open at seven and stay open until two.

By the Mayor:

Seven is all right, but two is debatable. I am now considering only the interests of your business. We have got to view it from the standpoint of the community and the people. I know and you know what the cause of all the trouble of the saloon prior to prohibition. I was director of public safety four years prior to prohibition. I had them in charge for many years. I am not going to say that we will determine that question today. I would say to let it stand. The public is interested. With proper hours the man is ready to do business the next day. I want to say that restaurants will not remain open if you people have to close. Grocers, liquor saloons, restaurants or delicatessen stores, no one will sell after one o'clock, if that is the hour, or two o'clock if it is changed. I do not propose to have restaurants open until six o'clock in the morning when you are compelled to close at one o'clock. That is where the danger lies. That goes for everyone, retailers and wholesalers. Today I am not going to decide the hour question.

By Mr. Egan:

I just offer that for your consideration.

By the Mayor:

I will say that you are on thin ice when you change that hour. The family man who has to go to business the next day, that is an important matter.

By Mr. Egan:

On eves of holidays the hour is important.

By the Mayor:

If it is right and for your benefit, we will do it. After all, we want to protect you.

At this time, Counsellor Anthony Santaniello appeared with a delegation of property owners and residents in the vicinity of the proposed tuberculosis hospital, Cornelison Avenue and Clifton Place and presented a written protest requesting that action be taken to stop the erection of the hospital because it will greatly diminish the value of property and render the said property untenantable.

The Mayor stated that the proposed hospital is to be erected on County property and if that is not sufficient, on property of the City to be deeded to the County; that it will mean a saving of three hundred thousand dollars; that he has discussed the matter with two noted experts in that profession, Dr. O'Hanlon and Dr. Pollock, who have assured him that there is absolutely no danger in locating this institution here; that if there was any danger surrounding the project, he certainly would not permit it so close to the Margaret Hague Maternity Hospital where there are approximately seven thousand babies cared for annually; that the advantage to be gained by locating the institution there in close proximity to the Medical Center will result in enormous saving to the County through the use of our power plants, heating equipment, kitchen, as well as the nursing service that will be augmented by the present staff at the Medical Center. The Mayor assured the delegation that he would give their suggestion every consideration, and should it develop that the proposed plans would in any way interfere with the general welfare of the property owners and tenants directly affected, their protest will be given every consideration.

Mr. Allan Kraut, vice-president of the Allied Democratic Club of Greenville, appeared before the board at this time and supplementing the resolution adopted by his organization, urged the board to take appropriate action for proper observance of President Roosevelt's birthday on January 30, 1934. He also took this opportunity to extend to the Mayor the congratulations of the club membership on the Mayor's forthcoming birthday.

The Mayor thanked Mr. Kraut and requested that he convey to the membership his appreciation for their kind sentiment.

OFFICERS' COMMUNICATIONS

From Joseph J. McGuirk, City Collector, certifying the following list of delinquent taxes, pursuant to Chapter 6, Laws of 1933:

January 16, 1934.

To the Board of Commissioners of the Mayor and Aldermen of Jersey City:
Gentlemen:

Pursuant to Chapter 6, Laws of 1933 (First Special Session), I certify that the taxes on the following named real properties have been delinquent for more than six months and remain due and unpaid as listed on the attached sheets.

I therefore request your Honorable Board to pass a resolution allowing me to proceed against the owners of said real property by application for my appointment as receiver ex officio, in conformity with the provisions of said act.

Very truly yours,
JOSEPH J. McGUIRK,
City Collector.

By Mr. Egan:

One other point. Not in connection with the regulations. Due to the fact that you in charge of Public Safety Department, it was brought to my attention before I came into this room, there is a certain individual sending letters under the name of Mr. Fricke, asking for donations or demanding $25.00 and that the collector will be around to get it.

By the Mayor:

If we can get our hands on that man. It is the old racket. If you can only get a line on that fellow and give that information to me or the Chief. I don't care who the man or woman is, who comes before the wholesalers or retailers representing Mayor Hague, or this Commission, I say, they are frauds. I am giving that as a warning now. We will never communicate with you on anything. Only on keeping a decent, respectable place. As far as any tickets, or donations or contributions for any affair or charity, we will never go near you.

By Mr. Egan:

We will take the matter up with the Chief of Police.

By the Mayor:

If there is anything further you want to take up with the Mayor of Chief of Police, we will take it up for you. We want to be strict and, after all, we are helping you.

By Mr. Fricke:

I thank you for the kind advice you have given us. I know that for the past twenty years you have always stood behind the legitimate business man. I promise you that our members will all co-operate with you in your way. I have made the promise to the Chief of Police. Some of the men have not come in our organization as yet, but some of them we don't want to come in. We will do all we can to drive the undesirable man out of business. I thank you.

By the Mayor:

You know, one of the strictest rules has been the question of the women in saloons. That I will never tolerate as long as I am in the Commission. Women and liquor do not go together. The course of liquor when I was Director of Public Safety was the low places tolerating these women and permitting them to mix. The people are opposed to it. They don't want it. Please inform your members that it is one of the things we will not permit—women and children in these places. The man who is looking to that is not running a respectable place. I am familiar with those places. I have handled them for a long time, and there is no reason why your industry should be dragged down. Women, being shot down, being in fights, being intoxicated. Intoxicated women coming out of those places, while people were coming and going in and out of church. When I say closed on Sundays, I mean that. Why should the legitimate man close on Sunday and some other man keep open. I mean from one P. M. We will take our time in checking our applications and issuing the licenses. We will get along together. We will have no difficulties. It will be a lot of hard sledding for a while. The decent saloonkeeper we will protect, but the undesirable type we don't want.

On behalf of the delegation, Mr. Egan thanked the Mayor and Commissioners for their co-operation.

Counsellor Ezra Nolan appeared before the Board at this time and stated that about three weeks ago he appeared with a delegation of the shoe rebuilders of Hudson County, concerning the passage of an ordinance regulating the opening and closing hours for their stores; that the ordinance is now ready and he would suggest that it be introduced today; that there are some minor changes which can be taken care of later.

The Mayor stated that the ordinance would be introduced today. He also suggested that the proper thing to do on the enforcement would be for the members of the organization to check up on any violations make report and they will be brought into the courts; that it is not the wish of the Board to have an ordinance like this on the books and the police not enforcing it; that to place a policeman in front of each establishment, would create the feeling that the police are going around with a nightstick, pounding these business men.

Mr. Nolan that this method has been agreed upon and they will make their own investigations.

They do not have to make an arrest. They come in with their complaints to you, and you in turn go and have a summons issued.

Mr. Nolan thereupon extended his thanks to the Mayor and Commissioners on behalf of his clients.

At this time the City Clerk read the following communication:

"Department of Revenue and Finance,
City Hall,
Jersey City, N. J.
February 8, 1934.

To the Honorable Mayor and
Board of City Commissioners,
Jersey City, N. J.

My dear Mayor and Fellow Commissioners:

I hereby resign as Director of the Department of Revenue and Finance and as member of the Board of City Commissioners of Jersey City, N. J., my resignation to become effective at twelve o'clock noon on Thursday, February 15th, 1934.

It is necessary for me to take this action because the Hudson County Board of Chosen Freeholders have today done me the honor of appointing me to the position of Warden of the Hudson County Penitentiary. I have decided to accept that appointment and my duties in the new position will begin on February 16th, 1934.

It is with a great deal of regret that I take this step, because the many years I have spent as a member of the Board of City Commissioners has been most pleasant ones, and have brought friendships and left memories which I intend to cherish during my lifetime. I wish also to express my appreciation for the ready and unfailing co-operation which has always been accorded to me by you, Mayor Hague, and by the other Commissioners, in the conduct and administration of the affairs of my department and in the general administration of the business of Jersey City.

Very truly yours,
(s) WM. B. QUINN,
Director of Revenue and Finance."

and carried, the foregoing resignation was received.

The Mayor then moved the adoption of the following resolution. Seconded and carried.

By Mayor Hague:

Resolved, That effective February 15th, 1934, at 12 o'clock noon, the resignation of William B. Quinn as a Commissioner of The Mayor and Aldermen of Jersey City as Director of the Department of Revenue and Finance, as Acting Treasurer of Jersey City and as a member of the Board of School Estimate of Jersey City be and the same is hereby accepted.

Adopted.

Yeas: Commissioners Beggans, Fagen, Potterton and Mayor Hague.

Nays: None.

Excused from voting: Commissioner Quinn.

By Commissioner Quinn:

I desire to say that the time I have been in the Commission, has been very pleasant and very agreeable and the cooperation was one hundred percent at all times. I don't think there is a City Commission in the entire country that could go through the many trials and different matters that this Commission did, with the same hearty cooperation of one with the other, and they are the memories that will remain with me and I hope the future will continue as in the past. I know there are heartaches and trials and troubles because of the times and it requires men of great courage and great stamina to go through these times as they are. Let us hope that the worst is over. That is the question. The people of Jersey City and of the country are watching Jersey City, to see just how the ship is being managed and what the results might be. I want to say, Mayor, that you probably realize it or may be not, many of the big cities of the country are watching Jersey City and watching you because they have great confidence in you, not because somebody said so, but because of the many years I have gone along and have seen the great things you have accomplished in Jersey City. There is no need to talk about our police and fire departments, and our school system. It is my honest opinion that you and the other City Commissioners will go through this distressing period and show the state and the country that Jersey City is going to be one of the big factors in bringing us out of the serious distress that the country has been undergoing for the last four years."

By the Mayor:

I don't think I can permit this opportunity to pass without making some short comment. Commissioner Quinn has been associated with me since Commission Government. Prior to that he and I were associated in the political world, and I regret very much to see him pass out of this picture. But I think it is for his benefit. As a citizen and public official, I have never seen anyone who could improve on him, for his loyalty and for his friendship. Commissioner Quinn to me, is one of the greatest men I have in the official family. I have always admired him as loyal, conscientious, and as a public official, I have always had the utmost confidence in him and I am proud to claim him as one of my closest friends, and I want him and his friends to know that if Mayor Hague can be of any service, I am always ready when called on. Friendship of his kind is not found every day. Men of his type and ability are a credit to any organization. I wish you Commissioner, all the luck in the world and I think the change you are making is going to be very interesting to you. I think that you are going to be happy and I know you are going to give to the County, what you gave to Jersey City. A loyal public official, and the County is to be congratulated on your entering that service. I know you are familiar with the duties because of your long years and experience at Laurel Hill before entering this Commission. For twelve years you were engaged at Laurel Hill and you are familiar with the duties. I want to congratulate the Board of Freeholders and also say that I regret very much to see Commissioner Quinn leaving here."

By the Mayor:

We all know of the unfortunate ailment that Commissioner Beggans has gone through. We are pleased to have him with us again. He has had a real siege of illness. Despite his illness he tried to perform his duties as difficult as they were. I have talked with him frequently about the responsibilities of this department and called his attention that if the opportunity ever presents itself, I wanted him to release himself of these strenuous duties, because that department of Public Safety is the most strenuous department in our Commission. As strenuous as mine is, that department is far more difficult. I am proud and glad to see the Commissioner with us and I want to thank him for the service he has rendered, for the loyalty he has displayed to the Commission and myself and to the departments and the untiring efforts he has given to the Department of Public Safety. I am sure the duties of that department would be too strenuous to our colleague. The several duties of the Department of Public Safety, together with the new liquor licensing regulations makes it a very strenuous office to handle. Therefore I am proud and happy to vote for the change and I hope that he is spared sufficiently long enough with us to enjoy the department he is being assigned to."

By Commissioner Beggans:

"Mr. Mayor, I want to thank you and the Commissioners for relieving me of this responsibility. As you have said, it is a very responsible department and there is no question about that, not only in the day time, but at the night time also. I don't think I could do justice to the duties today. in fact, I know I could not. I have just gone through a very serious operation, one that several of our best physicians thought I would never pull through, but I did. I want to thank the Commission for relieving me of the responsibilities of this office and I want to thank them also for the kind sentiment, I want to assure them that I will do everything in my power to keep the Department of Parks and Public Property in as good a condition as I have the Department of Public Safety."

By Commissioner Potterton:

"I would like to say to Commissioner Beggans and to the rest of the Commission, that the transfer which has taken me from the Department of Parks to the Department of Revenue and Finance, is one I regret making. We have organized the department in good shape and I just want to say to Commissioner Beggans that while he is head of that department, my services are at his call at any time. Naturally, I am more familiar with that work today, and because of that, I want him to feel that he may call on me at any time."

By Mayor Hague:

Whereas, William B. Quinn, Director of the Department of Revenue and Finance has submitted his resignation as Director of said Department and as a member of the Board of Commissioners of The Mayor and Aldermen of Jersey City, the same to become effective February 15, 1934, at 12 o'clock noon, and

Whereas, As a result of said resignation, a vacancy will exist in The Board of Commissioners of The Mayor and Aldermen of Jersey City at that time, now, therefore,

Be it resolved, Effective February 15, 1934, at 12 o'clock noon, that Thomas J. Wolfe, a properly qualified person be and he hereby is selected and appointed Commissioner of The Mayor and Aldermen of Jersey City to serve for the unexpired term of the said William B. Quinn.

By the Mayor:

"I don't know at this time, that we could make a better selection to succeed Commissioner Beggans, than Chief Wolfe. They have worked together for twenty years. They have been associated together. As a successor to Commissioner Beggans, I don't know where we could have selected a more competent public official than Chief Wolfe. He has been more than satisfactory. His accomplishments speak for themselves and in elevating him to that office, Jersey City is to be congratulated."

By Commissioner Beggans:

"I would like to say a word concerning the new Commissioner. I have worked alongside of him for more than thirty years. Worked under him as a Lieutenant while he was Captain of Police. I don't know of any man in this city or any other city in this country that made a better Chief of Police than Chief Wolfe. I actually believe there is more police business in him than in any police official in New York City, the largest city in the world."

By Commissioner Wolfe:

"I want to thank the members of the Commission for reposing this confidence in me, advancing me to the position of Director of Public Safety. I will do my utmost to keep up the high standard of efficiency in both departments, as established by my predecessor."

By Commissioner Potterton:

REPORTS OF DIRECTORS

Advising that Department is still in course of fingerprinting and making personal investigations.

Received and ordered filed.

In connection with the foregoing report, Acting Mayor Potterton stated to those who may be interested that Commissioner Wolfe desires to stress the point that all applicants must meet the necessary requirements of the State Law, in so far as proper advertising and proof, photostatic copies of Federal Licenses; that he also wants it distinctly understood that no licenses will be issued until March 6, 1934, and then only on application properly made and in complicance with the alcoholic beverage laws; that in addition applicants must submit bills of lading to the Director of the Department of Public Safety; and that when the application is complete and properly investigated the applicant will be notified when to appear for the license.

From Director Fagen, reporting on the application of the D. L. & W. R. R. Co., for the confirmation, by ordinance of the existing bridge span over Henderson Street and Sixteenth Street, permitted by ordinance of August 28, 1928, advising that the original construction was altered by reason of the City's water pipes and sewers, and that the bridge is in existence, and as it is the original bridge permitted by this Board, by ordinance, he cannot see any reason for withholding the permission asked by the confirmatory ordinance.

By Acting Mayor Potterton:

During the past week one with whom we have been very closely associated in the capacity of newspaper representative at the City Hall, unfortunately suffered an acute attack of pneumonia and passed away last Sunday morning. I am sure if Mayor Hague were here, it would be his desire to have the City Commission adopt resolutions of condolence and to see to it that a copy was sent to the bereaved family. Mr. Harkness was the representative of a newspaper, in the City Hall for approximately six years and during that time had rendered wonderfully fine service to his paper and to the administration of Jersey City, and it is with sincere regret that we learn of his passing away on Sunday last.

By Corporation Counsel Hamill:

As Corporation Counsel of this City, both myself and the other members of the Department, have had numerous dealings with Mr. Homer Harkness in his capacity as newspaper representative. We have found him to be a model of what the journalist should be. Clear in statement and above all, fair in dealing with public men and public questions. I beg to be permitted to add the sincere regret of every member of the Law Department and every membr of every department of this city government and the Mayor and Commissioners of this City and express our deep and heartfelt regrets at the passing away of Mr. Homer Harkness."

By the Acting Mayor:

I would suggest that the matter be referred to the Law Department for preparation of proper resolutions to be properly engrossed and forwarded to the members of the family of the late Mr. Homer Harkness. So ordered.

By Commissioner Potterton:

Resolved, That this Commission has learned with deep regret of the passing of Mr. Homer Harkness, late a representative of the Jersey Journal, assigned to duty at the City Hall of Jersey City. He was a journalist of the highest type, a man of conscience and character, who was faithful to his duties and at the same time fair in his public statements regarding all with whom he came in contact. We regard him as a model of what a newspaper representative should be, and shall remember him fondly and fervently always; further

MEETING OF MARCH 6, 1934

Minutes of a Regular Meeting of the Board of Commissioners of Jersey City, held on Tuesday, March 6, 1934, in the Assembly Chamber, City Hall, Jersey City, N. J., at 10.30 a. m.

Present: Commissioners Beggans, Fagen, Wolfe and Potterton.

Absent: Mayor Hague (excused).

In the absence of the Mayor, Commissioner Potterton, Director of the Department of Revenue and Finance, presided.

RECEPTION OF BIDS

This time and place having been set and public notice advertised for the purpose of receiving proposals for the furnishing and delivering to the Department of Public Affairs one (1) five passenger automobile, the City Clerk read the notice of publication and then called for bids, and the following were received:

FIVE-PASSENGER AUTOMOBILE

1. Kassel Cadillac Company, $5,870, surety bond.

On motion of Commissioner Fagen the reception of bids was ordered closed and the bids received were opened and read and referred to the General Purchasing Agent.

FRANCHISE HEARING

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of holding a public hearing and considering the final passage of an ordinance to permit, sanction, ratify and confirm the permission heretofore granted The Delaware, Lackawanna and Western Railroad Company on August 28, 1928, to maintain a bridge and all parts thereof at Henderson and Sixteenth Street, the City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the final passage of said ordinance. No one appeared to protest and no written protests were received.

Commissioner Fagen advised the Board that it is a franchise ordinance and is confirmatory of the provisions of an ordinance that had been passed in August, 1928, for the bridge spanning Henderson Street at Sixteenth Street; that according to the provisions of the previous ordinance when actual construction commenced, they found water pipes and sewers where they intended to place the footings; that consequently they had to alter their plans for the footings; that the applicants desire proper permission because it is a centre column on a highway and therefore want to have their permission regulated according to the ordinance.

Commissioner Potterton asked Commissioner Fagen if all the matters involved met with his approval and he replied that they did.

Commissioner Fagen then moved the final passage of the following ordinane:

By Commissioner Fagen:

Resolved, That the following ordinance do now pass:

Whereas, On petition of The Delaware, Lackawanna and Western Railroad Company, filed on March 27, 1928, the Board of Commissioners of the Mayor and Aldermen of Jersey City did, by ordinance passed on August 28, 1928, grant permission to said railroad company to construct and maintain a three-track railroad bridge across Henderson Street (widened as proposed), at Sixteenth Street, said bridge to be constructed as shown upon the three blueprint plans attached to and made part of said petition; and

Whereas, It was found impracticable to construct the foundations of the circular columns of said bridge along the center line of Henderson Street in the manner shown upon said plans because of the presence along such center line of the City's thirty-inch brick sewer and its twenty-inch water main; and whereas, with the consent of the City, said railroad company constructed on double rows of piling, driven on each side of said sewer and main, a reinforced concrete T-beam in such manner as to span said municipal facilities and, at the request of the City, constructed a concrete chamber about said water main, with manholes; and whereas, in order to impart sufficient strength to the T-beam, it was necessarily constructed five feet ten inches thick, twenty-two inches of which thickness extended above the surface of the pavement so that the center line columns of the bridge rest upon a base forty-two feet seven inches long and four feet wide, extending twenty-two inches above the surface of the pavement, all of which construction is shown on the blueprint plans dated December 22, 1933, attached to the petition of said railroad company which was filed with the Board on January 26, 1934.

Now, therefore, the Board of Commissioners of the Mayor and Aldermen of Jersey City do ordain as follows:

Section 1. That the construction of the foundations of the center line columns of said bridge and of said concrete chamber, as shown on said plans dated December 22, 1933, is hereby permitted, sanctioned, ratified and confirmed and that permission is hereby granted The Delaware, Lackawanna and Western Railroad Company to maintain the said bridge and all parts thereof, including the foundations of said center line columns, as constructed and as shown upon the blueprint plans dated December 22, 1933.

Section 2. This ordinance shall take effect immediately.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called the ordinance was passed by the following vote:

Yeas: Commissioners Beggans, Fagen, Potterton and Wolfe.

Nays: None.

By Commissioner Fagen:

Resolved, That the hearing on the foregoing ordinance do now close.

Adopted.

Yeas: Commissioners Beggans, Fagen, Potterton and Wolfe.

Nays: None.

At this time, Counsellor Wm. Egan appeared with a delegation of members representing the New Jersey Licensed Beverage Dealers Association of Jersey City.

Mr. Gustave Frick, President of the association, spoke for the delegation.

He stated that the association is seeking protection for its members and would urge that no liquor licenses be granted to any store other than an exclusive establishment selling liquor only; that granting licenses to delicatessen, grocery, cigar and other stores of this nature would be a serious detriment to the people who handle beverages only; that their association represents many property owners who have a very large investment in their stores and also pay a large sum of taxes to the city; that they are desirous of co-operating with the City in the proper conduct and enforcement of the laws and to protect the public at large by handling the best products rather than the poisonous products some of the places are attempting to sell.

Mr. B. Flaherty and Mr. James P. Kelly also spoke for the association.

Acting Mayor Potterton stated that the question of liquor sales and liquor licenses in Jersey City has been before this Commission ever since Congress repealed the prohibition amendment; that these members of the association have attended our meetings when Mayor Hague presided and expressed his views distinctly on the whole proposition; that he cannot understand why at this eleventh hour when licenses are about to be issued, the question should be raised, when it was definitely settled; that the Mayor's idea is to do away with anything that may be detrimental to the people or the City; that the Mayor has placed in the hands of Commissioner Wolfe the regulations of this liquor traffic, so that this business will be conducted in an orderly, safe and proper manner; that in view of the fact that the State Legislature refuses to make any change in the retailing of liquor in this State, places us in a position where we cannot discriminate against one group of people; that it is not the idea of the Mayor to oppress any part of the citizens; that the whole matter of retailing of liquor in Jersey City is a problematical one; that we are not sure what we have worked out will be entirely satisfactory, but we cannot determine that until we have had an opportunity to put into practice our regulations; that in addition to that, he does not think it is entirely fair for these people to come here in the absence of the Mayor and ask to take action which is entirely opposite to the views he held; that he has no hesitancy in assuring the delegation that Mayor Hague wants to be fair with everybody; that he would suggest this—today is the day when Commissioner Wolfe' is going to order the issuance of licenses to those stores that have complied with all the requirements of the regulations; that Mayor Hague will be back in Jersey City within a month; that during the interim if these people decided that it is not the best method and can convince the Mayor, hethinks the Mayor will go along on any program that they think is for the best interests of the members of the association and for the people and our City; that the Commission must follow the rules and regulations set out in the State Legislative Act, also the regulations fixed by the State Commissioner of the Alcoholic Beverage Control.

Commissioner Wolfe stated that in addition to what Commissioner Potterton has stated, he can state that the detail he has assigned has made a very thorough inspection of Jersey City pursuant to the views of the Mayor and Commissioners, that is, to drive the low type of saloon-keeper and bootlegger out of the City; that the backroom will not be tolerated and undesirables will not be allowed to frequent these establishments; that he believes Commissioner Potterton's suggestion to give the matter a fair trial, is the proper attitude, because with the assistance of the police detail assigned and the further assistance of the members of the liquor dealers' associations, the speakeasy and the unlicensed establishments will not exist.

Commissioner Potterton further stated that the liquor dealers are now a legitimate business since the repeal of the amendment and they are entitled to do business and that the City Commission will protect the interests of the legitimate saloon-keeper and liquor dealer; that they must bear in mind that the regulations are State regulations and not Jersey City regulations; that if they will bear that in mind and if they succeed in convincing the State Legislature that there should be changes, then they will find no trouble with the Jersey City Commission, who will go along with their program.

Mr. Frick stated that they certainly will work in co-operation as far as the desire of this Commission is concerned because they will from time to time have to deal through Commissioner Wolfe, and that if it cannot be enforced by our Jersey City Police, then it would be impossible to enforce it in any other manner; that he desires to thank the Commission for the hearing and that he hopes by the time the Mayor returns that they will have sufficient data from other cities which have done away with stores of this type, in addition to more data from our own city.

Mr. Egan called the attention of the Commission to the fact that State Commissioner Burnet had made a ruling that licensing bodies can refuse to license any stores that is not exclusively in the liquor business.

Whereas, on Sunday and Monday, February 25 and 26, 1934, a heavy fall of snow encumbered the streets of the city in such a manner that it was necessary to remove same and open the streets to traffic without delay. In order to accomplish this it was necessary to employ labor and purchase materials; and

Whereas, No appropriation being available for the payment of the cost of removal that was entailed by said storm; therefore, be it

Resolved, That upon the recommendation of the Director of the Department of Streets and Public Improvements, submitted to the Board this day, it is shown that on February 25, 26, 27, 28, March 1, 2 and 3, 1934, there was a cost incurred to the city for the employment of labor, trucking of materials for said snow removal, and that the total amount of the expense incurred was about $3,000.00; and be it

Further Resolved, That an emergency be and is hereby declared to have existed in the cleaning of said streets, and that the cost and expense be and is hereby ordered paid out of such funds as are available, provided, however, that said cost and expense shall not exceed the sum of $3,000.00.

By Commissioner Fagen:

Whereas, The Water Bureau of this department had unemployed under the Federal Civil Works Administration, working at the Great Piece Meadows in Fairfield, New Jersey. Their transportation expenses from the city to their work, as well as their wages, were paid by the Federal Government.

On February 21, 1934, notice was

received from the local Federal Director that transportation payment would, from that date, cease.

Because of this notice, the force was substantially reduced by transferring a number of the men to projects in nearby places, namely, Secaucus and North Arlington, leaving a balance that were doing very necessary constructive work, such as was contemplated by the President in the organizing of the C. W. A. It is in the cleaning, painting of the old Six Foot (6-foot) water main leading from Boonton into Jersey City, and also cleaning up and grading the right of way owned by Jersey City over said pipe that they are employed.

I am advised by the City Engineers and I approve of their recommendation, that the City will materially benefit from the continuation of the unployed that are retained at Fairfield.

Whereas, in order to retain these men, it will be necessary to transport them to their field of labor at Fairfield. This will cost Twenty Dollars ($20.00) a day for each of seven to eight busses for a period of ten weeks, which would be a maximum amount that would be needed to accomplish this purpose. The figure of $20.00 per day per bus is the figure that was obtained by the County C. W. A. Purchasing Agent on competitive bidding for transportation by bus from three bidders and is a very low figure.

And, whereas, if all the unemployed that were affected by this order of non-payment of transportation were discharged, it would be a large drain upon the City's Financial Poor Relief Funds.

Therefore, be it, Resolved, That this Board, upon the aforesaid statement communicated by the Director of the Department of Streets and Public Improvements, this Board deems that an emergency exists as is contemplated by the statutes of this State, for the payment of moneys exceeding in the amount of Eight Thousand Dollars ($8,000.00) without competitive bidding, and that the Director of Streets and Public Improvements, be and he is hereby authorized to carry on the work by hiring the busses that had been assigned to the unemployed of the C. W. A. at Fairfield, New Jersey, for the period of their employment by the Government, which is up to May 1st, and that he be further authorized to expend for transportation not more in amount for that period of time than $8,000.00.

MEETING OF MARCH 20, 1934

Minutes of a Regular Meeting of the Board of Commissioners of Jersey City, held on Tuesday, March 20, 1934, in the Assembly Chamber, City Hall, Jersey City, N. J., at 10:30 a. m.

Present: Commissioners Beggans, Fagen, Wolfe and Potterton.

Absent: Mayor Hague (excused).

In the absence of the Mayor, Commissioner Potterton, Director of the Department of Revenue and Finance, presided.

At this time Commissioner Wolfe, Director of the Department of Public Safety, submitted a report on the hearing held in his office on March 16, 1934, relative to the objections of John Hake and Theobald Kerbl to the issuance of a plenary retail contribution license to Max Unglaub at 64 Montgomery Street, Jersey City, and recommending that, because of his findings in the matter, the said application of Max Unglaub be denied. Copy of the testimony and resolutions denying the application attached to report.

The City Clerk then read the resolution denying the application. Prior to the roll call on said resolution, Counsellor Thomas Armstrong requested permission to be heard, and the same was granted.

By Counsellor Armstrong:

Before the Commission votes on that, may I be heard? (Permission granted.) I represent the applicant, Mr. Unglaub. I did not attend the hearing. I understand the sole objections made was that the City of Jersey City had some old ordinance whereby it would be illegal to grant two licenses for the one building. Those premises, while they may be assessed as one building, are distinctly two buildings. This morning there was filed by the owner, Mr. McNulty, with Commissioner Wolfe, an affidavit.

By Commissioner Wolfe:

That was filed with Lieutenant Carey.

By Mr. Armstrong:

It was filed with Sergeant Daly.

By Commissioner Wolfe:

Lieutenant Carey just showed it to me.

By Mr. Armstrong:

That might be. It was left with Sergeant Daly because you were not available at the time because of the pressure of business. My application is to lay this resolution on the table, so that a more thorough investigation of the application could be made. It seems one of the reasons whereby this application is to be denied, if it is to be denied, is that the tenants in that building are giving employment to other people. It so happens that new industry will employ others also, and there is no conflict or competition between Unglaub's anticipated business affairs and his tenants. Of course, it's in the interest of harmony and good business that Jersey City promotes all industry. These folks in there now are sub-tenants. Their sub-tenancy will expire in a short period of time, and naturally my clients will be in possession. Of course, I don't assume that the feeling of the objectors, coming here and making the objections, I don't feel there is a satisfactory association for reletting of the lease. This Commission would then be faced with the new licensing. Where a distributor's license and a consumption license is competitive, I cannot see. Unglaub sells in packages, off the premises. The other in glasses or nips, at the bar, and they cannot, by a consumption license, sell in packages. The whole objection raised by the objectors is a clause in the lease which says, in effect, that there shall be no business run by Unglaub, or leased by him to another tenant, which would be detrimental to the restaurant business of these two gentlemen. No one should know better than Mr. McNulty, who owns the premises that they are two separate and distinct buildings. The affidavit shows that they were purchased two years apart. They are strucurally different. The plat book of Jersey City, used as evidence, is an insurance book. True, it is a hotel. The upper stores have been used as a hotel by Mr. McNulty. It is true there was a brick-in of the walls, but there is no separation, and the investigation shows there is no interchanging. I again respectfully urge that this be referred back to the Commissioner for further hearing and more thorough trial. You have here this man Unglaub, a resident of the city a long period of time. One of the objectors, a resident of the City of Hoboken. I am asking the consideration of the Commission that the resolution be laid on the table for such further action as I may have an opportunity to take and acquaint the Commission with.

By Commissioner Potterton:

There are two points in your statement Mr. Armstrong—one is the fact that the lease, as you state, terminates on July first and probably will not be renewed, would remove that as a complication in the case.

A. It would remove the objectors.

Q. Then I take it, the application of the other individual would receive the favorable consideration of this Commission. On the other hand you state in the lease there is a clause which in effect is to protect this man from any competition?

A. The statement is, detrimental to his business.

Q. I think it would be my opinion that it would be.

A. Is that not for the Court of Chancery to determine? Rather than the City Commission who issues the licenses, on investigation as to the moral character of the applicant and good and welfare of the City. If they are going to compete to their own detriment, it might be said, but it is no affair of the City Commission.

By Commissioner Wolfe:

I might say for the benefit of Counsellor Armstrong, in making up that communication, I did not allow the contract or lease to enter into the record whatsoever. I feel that it is a civil matter. What was uppermost on my mind was the man who bought that restaurant and had invested a lot of money and after inspection by men of the liquor control squad, where there was one entrance formerly in 64, they have since erected a thin partition there. I came to the conclusion that it was not just or fair for that man who had invested all that money and who was paying Unglaub, I believe, the rent of the premises. That was what I based my communication on.

By Mr. Armstrong:

May I ask the Commissioner a question? (Permission granted by Commissioner Potterton.)

Q. If Unglaub got this license, he could not sell other than original packages. He could not sell by the drink or nip?

A. That is right.

Q. The restaurateurs, can they sell original packages?

A. Yes.

Q. But, essentially, their business is one where they sell by the drink. It is a restaurant?

A. True.

Q. If the business they hold themselves out to do is selling of food—

A. And drink.

Q. Essentially food?

A. I would not say that.

Q. Is it a saloon?

A. Yes, you can buy original packages.

Q. Is it a saloon, have they a bar there?

A. Yes sir.

By Commissioner Fagen:

Q. The corner, who is in there, Mr. Armstrong?

A. The objectors. The entrance

into the hotel goes to that doorway going up to the hotel.

Q. What kind of partitions are there where it goes up stairs?

By Lieut. Carey:

A. Stained glass partition and a frame new partition erected there since our last investigation. Goes up to the ceiling of the store.

By Commissioner Fagen:

Q. Is it a removable one, similar to this in this office (indicating partition in City Clerk's Office)?

By Lieut. Carey:

A. It can be removed.

By Mr. Armstrong:

I will not quibble with the Commission, it can be taken down. I will say to you, it is a thin material. It is not a masonry wall.

By Commissioner Potterton:

Q. Mr. Armstrong, do I understand your request to be that you would like further hearing on this to determine the facts?

A. Yes sir, to go into the facts more thoroughly. I was not present at the hearing. While I make no criticism of the gentleman who attended, he had no————

By Counsellor Rooney (for the Board of Commissioners): So that the record may be straight, this gentleman was your law partner?

A. Yes. I was called into court on a certain trial and this hearing was scheduled for ten o'clock. Rather than postpone the hearing, I agreed to let him appear.

By Commissioner Potterton:

Are we agreed or willing that Mr. Armstrong shall have his day in Court on this hearing. In the meantime, this whole matter is held up. He feels that he did not have the opportunity to be heard. I think it would be a very gracious thing if we granted him the opportunity.

By Mr. Armstrong:

I am not here in a critical attitude. I am just here praying for a further opportunity.

By Mr. Rooney:

As I understand it, so that we will get the record straight, Mr. Mayor, it is not for the purpose of giving Mr. Armstrong his day in court. There was a hearing and testimony taken. As I understand it now, this Commission is reserving action on the report of Commissioner Wolfe.

By Mr. Armstrong:

As a matter of grace and not any rights in me.

In conclusion Commissioner Potterton moved that the matter be laid over until the next regular meeting of the Board of Commissioners. Seconded by Commissioner Beggans and carried.

At this time a delegation representing the American Legion, consisting of David Nimmo, Arthur Vezzetti, Edward B. Howe and William McKinley, appeared before the Board and on behalf of the American Legion posts in Jersey City, protested against the use of the words "posts" and "legion" by the Jersey City Police Department Safety Legion. They stated that it would be confusing with the American Legion Posts and the members of the safety legion would become known as "legionnaires"; that an offending safety legion member would be confused with an American Legion member.

Deputy Chief Walsh advised the objectors that the organization in his opinion, in no way infringes on the American Legion; that there are about 44,000 members enrolled who have attended the meetings and about 28,000 membership cards issued; that the City has gone to a great expense for printing and other items in the forming of this organization and the result of this campaign is the great reduction in automobile accidents and automobile operators are considerably more careful.

Commissioner Potterton stated that after listening very attentively to both sides of the argument, that it seems to him that it is not so much what has happened as to what may happen; that he thinks in the formation of this new activity, it is more apt to reflect credit on the American Legion than anything else, because it is bound to have its effect in the reduction in accidents and after a while people are going to be proud that they are members of the Safety Legion of Jersey City or the State, or the County; that he does not think you can change any activity before it has been put to the test; that this safety legion is going ahead; that whether the name has been selected wisely or not, it is something for the future to determine and that his suggestion would be that we let this matter rest until such time as we have been able to determine whether the adoption of the name of safety legion for this new activity is going to be detrimental to any other organization; that he thinks then it will be ample time for us to decide whether the matter will be detrimental; and that it is his decision that we take no action on this matter until such time as evidence is presented to this Commission satisfying us that a mistake has been made and that the mistake should be corrected.

Mr. McKinley then asked if there would be any objection to placing in the record their interposed objections and Commissioner Potterton replied that there would be no objection whatsoever.

Mr. Vezzetti stated that in closing he might say that we of the Legion are disappointed that the Board did not see fit to see the matter their way and that they will simply have to make a report of it to their organization.

Commissioner Potterton replied that he did not think Mr. Vezzetti was justified in being disappointed. That he did not think the organization should have adopted this recommendation without having an opportunity to see what effect it would have; that all the Commission asks is to let us see how the thing operates; that he still thinks the Safety Legion is going to reflect credit on the American Legion.

Mr. McKinley then stated that on behalf of the Department Commander with whom he has discussed this matter, the Legion is one hundred percent back of the safety movement; that their objection is in no wise intended to reflect on the program. As far as the Legion of New Jersey, it offers you our hearty support.

In conclusion Commissioner Potterton stated he thinks in the 28,000 members of the Safety Legion, that the American Legion will be proud that there is another organization in Jersey City or Hudson County, comparable to their own.

At this time, Mr. David Driscoll, Mr. P. J. Donnelly and Mr. Frank Donnelly appeared before the Board in connection with the proposed erection of a stadium for baseball. Mr. Driscoll stated that there is a question of using a city street on which there is erected a platform used in connection with the collection of the city garbage.

The Mayor stated that in his opinion the Commission should extend all the necessary cooperation in order to bring Jersey City back on the baseball map and not permit baseball to leave here.

Commissioner Fagen stated that the platform referred cost the city about $10,000.00 and is a very important structure for the collection and disposal of the city refuse. He suggested that the operators of the baseball club pay for the removal and reconstruction of a new platform, or that they select some other side for the stadium. However, he desired to impress upon them the fact that he was not opposed to baseball and was very much interested in the game and in keeping it in Jersey City, but because of the existing conditions, the necessary work to be done in his department and the reduced budget, he finds that he cannot appropriate the necessary funds to replace this platform.

The Mayor stated that selecting another site is rather a difficult matter because there are very few twenty-acre plots conveniently located; that Commissioner Fagen's purpose is clear in that he does not want the City to make this expenditure for the alterations; that he does not want the Commission to feel that he has brought the matter before the Board; that the reason for the discussion is the presence of Mr. Driscoll who no doubt desired to bring the matter before the Board.

In conclusion the Mayor suggested that Mr. Driscoll and Mr. Donnelly confer with Commissioner Fagen and Commissioner Fagen arranged to discuss the matter with them at four o'clock this afternoon in his office.

At this time, Commissioner Wolfe, Director of the Department of Public Safety, presented the following report on the hearings held by him on April 12, 13, 14, 1934, for violations of the rules and regulations of the Mayor and Aldermen of Jersey City, concerning the sale of alcoholic beverages in Jersey City:

DEPARTMENT OF PUBLIC SAFETY
CITY HALL
JERSEY CITY, N. J.
April 17th, 1934.

Honorable Board of Commissioners,
City Hall, Jersey City, N. J.
Gentlemen:

By resolution of this City Commissioner, regulations were adopted prohibiting the possession of bulk liquor in unsealed containers or its sale from such containers on premises licensed for the sale of alcoholic beverages in Jersey City. Under these regulations, provision was made for "NIPS," containing not more than two ounces, and only in these "NIPS" could sale be made for consumption on the premises.

The responsibility was placed upon me, as Director of the Department of Public Safety, to see that these regulations were enforced. The purpose of these "NIPS" was to eliminate the sale of inferior liquors and to safeguard the public against inferior and adulterated products. At the various conferences I attended it was impressed upon me that I must permit absolutely no violation of this section of the regulations and that the Commission held it to be of the utmost importance. A thorough survey and investigation by the Bureau of Alcohol Control in my Department discloses the fact that there have been seventy-seven (77) violations of this section of the rules and regulations, and pursuant to the terms of said rules and regulations, I have given a public hearing to those charged with a violation thereof, and take this occasion to make this my report to the Board of City Commissioners.

I wish to call the attention of the Commission to the fact that I shall be forced to apply the most drastic methods in order to convince a considerable number of those persons licensed to sell alcoholic beverages in our city that the resolution is intended to be strictly enforced. Apparently there are a great number of licensees who do not take these regulations seriously, and in order to bring home to them their responsibility to the public and to this Commission, I believe it necessary to adopt the plan which I will outline. I have found the following licensees guilty of violating the rules and regulations, and respectfully recommend that they be suspended from engaging in business for a period of five (5) days, as evidence before me discloses that they were re-filling bottles and selling inferior liquors from unsealed containers in violation of the rules and regulations. I, therefore, request that my recommendation be concurred in by this Commission. I propose, in the case of a second offense, to be even more drastic in my recommendations. If any of the licensees engaged in this business are not deterred by these penalties and persist in ignoring the terms of this resolution, my further recommendation is that their licenses be revoked. I ask that my recommendations be favorably acted upon, in the hope that only pure and wholesome liquors will be dispensed over the bars on licensed premises in Jersey City, and that our people will be safeguarded against the poisonous and adulterated compounds which are so plentiful.

I hand you herewith a transcript of the testimony in the matter of the hearings held by me on Thursday, Friday and Saturday of the past week, April 12, 13 and 14, together with the names and addresses of the parties appearing before me in these matters for your consideration.

If my recommendations are concurred in, I respectfully suggest that said suspensions commence Monday, April 23, 1934, at 6:00 A. M. and end Saturday morning, April 28, 1934, at 6:00 A. M.

In the case of Louis Cohen, No. 385 Henderson Street, in view of the fact that he has alcoholic beverages in containers on his premises without proper Federal and State Stamps thereon, I recommend that his license be revoked.

Yours very truly,
(Signed) THOMAS J. WOLFE,
Director.

The Mayor moved that the foregoing report be received and the recommendations therein contained be concurred in. Seconded by Commissioner Beggans and carried.

The Mayor then submitted the following statement on the report of Commissioner Wolfe and directed the City Clerk to read it:

Mayor Frank Hague's statement on report of Commissioner of Public Safety, Thomas J. Wolfe, at meeting of the Jersey City Commission, Tuesday, April 17, 1934.

After listening to the report of Commissioner Wolfe, recommending the suspension of license for violation of the City Ordinance against the possession or sale of distilled alcoholic liquors in unsealed containers, thus openly violating the "Nip" clause of the City Ordinance, regulating the conduct of the alcoholic beverage business, I do not think there is anything for this Commission to do but to sustain the Director of Public Safety by adopting his recommendation.

I believe there is only one course for this Commission to follow, and that is to impress with all possible force upon every man who holds a liquor license in this city that when we adopted these regulations, they were meant to be enforced and every licensee will be expected to live up to them, and conduct his business exactly according to the terms of the ordinance. These regulations were not adopted as a "makeshift," nor for the purpose of hoodwinking the public into the idea that strict and beneficial clauses would be included in our regulations, without any intention of following up and enforcing the letter of the law. Apparently that is the way a large number of our licensees view these regulations. It is indeed most unfortunate that so many of these people feel that there should be no law, order or regulation to which they must adhere. Perhaps this attitude is due to the conditions which prevailed before prohibition was adopted, when the liquor business did about as it pleased and laughed at law and order. The people of our state, and particularly of our city, had a right to expect that when prohibition was repealed they were going to have regulations that would control the traffic in alcoholic liquors for the protection of the general public and would surround the dispensing of alcoholic beverages with proper safeguards, so that it would be fit for human consumption. They hoped that the selling of poisonous alcoholic concoctions was at an end. This country and its people had to endure a most humiliating situation during prohibition and were forced to see themselves held up to ridicule before the whole world as a people without any regard or respect for a law which they themselves had made. They prayed for a change and the sentiment was practically unanimous in favor of the repeal of the prohibition law. It is only natural, therefore, that these same people are now looking to their law making bodies and their public officials for proper regulations and protection, and the elimination of the abuses and conditions which were the principal causes of the adoption of prohibition. They are fearful that these conditions will return, and I believe they have good grounds for their fear, if drastic regulations are not adopted and enforced without fear or favor. There must be no return to pre-prohibition conditions, nor can the abuses which grew up under prohibition be tolerated. To guard against these things, the City Commission adopted strict regulations to control this traffic. After serious consideration and numerous conferences, it was decided by this Commission that the way to safeguard the people and insure pure liquor, as well as to eliminate the sale of the poisonous rotgut that is made in stills overnight or compounded in cellars, was to forbid the possession or sale of distilled liquor in unsealed containers. The "nip" regulation was adopted as the only way to guarantee the quality of liquor to be sold on licensed premises and to thus safeguard the health and lives of the people. Our people are looking to us to see that the dives and undesirable saloons do not return. The "nip" system, we agreed is the only method that would enable us to carry out our sworn duty. If we permit the refilling of bottles and the sale of bulk liquor, which we have set up regulations against, there is no hope that I can see of guaranteeing the quality of the liquor sold, but on the contrary, unless this Ordinance is strictly enforced, we will open the door to the bootlegger and the product that can be made overnight. We must stand with all the power we possess behind our Director of Public Safety and sustain him in his findings and recommendations as a result of his investigation. I want to call to the attention of the holders of liquor licenses in this city that they are enjoying the privilege granted to them by the people of our city through their elected officials. There is no compulsion on our part that licenses be granted; it is a privilege which we are empowered to give, and for that privilege the people of our city expect to receive wholesome, pure liquor, for which they are willing to pay, and not be forced, through the neglect of their public officials, to consume poisonous, inferior liquor.

The "nips" are here to stay; we must carry on or fall on this program. It is the only guarantee of pure liquor, and if the Director of Public Safety goes to the extent of revoking licenses permanently, and drives out of business the violators of our ordinance, who are refilling bottles with an inferior product, it is better that we eliminate them immediately, so that our people can obtain the product for which they pay. Let me say, once and for all, that this business in Jersey City must be conducted along lines which make for public decency, the elimination of the undesirable and the protection of the people. It would be much better if we had no saloons at all than to have the public deceived in the quality of the beverages offered for sale. Those engaged in this business must not think they are a public necessity, and I want to say here and now that there is no influence strong enough to protect them against a strict enforcement of our regulations. The responsibility has been placed upon us to see that the public get what they pay for, and that responsibility we accept with a full knowledge of its seriousness and the duty it lays upon us. We have the discretion at all times either to grant or revoke a license and I want those engaged in this business to understand that we will fulfill our obligation to the people faithfully and fearlessly, if it is necessary to close every saloon in Jersey City. It is up to us to see to it that the people of our city are offered a wholesome supply of pure liquor and protected from the illicit makers and bottlers of poisonous alcoholic substitutes. Drastic measures of this kind and a thorough and complete enforcement are the only ways to guarantee our people the legitimate conduct of this business.

Following the reading of the foregoing statement by the City Clerk, the Mayor stated that he is of the opinion that liquor law violators should be dealt with severely; that in connection with the case of Mr. Cohen, he is familiar with this type of establishment which he was running; that large quantities of liquor were found on the premises without any stamps attached thereon; that it is bootlegg and poisonous liquor, and destroys the health and the body; that he desires to commend Commissioner Wolfe for his activity in helping to curb this practice.

The Mayor then moved the adoption of the following resolution. Seconded by Commissioner Beggans, and carried.

By Mayor Hague:

The report of Thomas J. Wolfe, Director of the Department of Public Safety, regarding certain violations of the rules and regulations heretofore promulgated by the Commission concerning alcoholic beverages, together with a list of the names and addresses of the persons so tried, with a transcript of the testimony taken at said hearings on April 12, 13 and 14, together with his recommendations, having been filed with this Commission, and the Board of Commissioners having read said report and transcript, and having considered the same; therefore be it

Resolved, That the recommendations of the Director of the Department of Public Safety be and the same are hereby concurred in, and the Board of Commissioners do hereby direct that the licenses of all those charged with a violation of the rules and regulations above referred to, the names and addresses of which are attached hereto, and made part hereof, be suspended for a period of five (5) days, commencing April 23, 1934, at 6 a. m., and ending April 28, 1934, at 6 a. m.; be it further

Resolved, That, in the case of Louis Cohen, 385 Henderson Street, in line with Commissioner Wolfe's recommendation, that his license be and the same is hereby revoked.

Adopted.

Yeas: Commissioners Beggans, Fagen, Potterton, Wolfe and Mayor Hague.

Introducing an ordinance entitled: "An ordinance to regulate the issuance of Limited Retail Distribution Licenses and Club Licenses for the sale and distribution of alcoholic beverages."

On motion made, seconded and carried the foregoing ordinance was introduced and read and ordered placed on file in the Office of the City Clerk for a period of at least two weeks for the purpose of public inspection and giving public notice thereof.

Following the introduction and reading of the foregoing ordinance, the Mayor stated that he does not think it is fair to have one man paying a $500.00 license fee and the delicatessen or grocery store near him paying $50.00, which will open the door for the sale of liquor also; that we ought to have a uniform liquor license law otherwise you will find clubs on every street corner paying $150.00 and grocery stores paying $50.00 for a beer license; that there will be no reduced rates in Jersey City and everybody who desires to sell these beverages will pay the required $500.00 per annum; that if the door is opened, there will be trouble; that our duty is clear and there will be no discrimination; that the only thing we can do is to say that everybody who sells liquor, pays $500.00; that one is as good as the other, as long as investigation shows that he is all right.

Resolution of the Board of Commissioners of the Mayor and Aldermen of Jersey City regulating the sale of alcoholic beverages for all those holding plenary retail consumption licenses.

Resolved, That pursuant to an Act entitled "An Act Concerning Alcoholic everages," being Chapter 436 P. L. 1933, the Board of Commissioners of the Mayor and Aldermen of Jersey City do hereby make and declare the following to be the rules and regulations governing the sale and distribution of alcoholic beverages for all those who hold plenary retail consumption licenses.

2. A license shall be for the term of one year from the first day of July in each year.

3. Every application for a license shall be accompanied by the deposit of the full amount of the properly prorated annual fee for such license.

4. The holder of such license shall be entitled, subject to rules and regulations, to sell for consumption on the licensed premises any alcoholic beverages by the glass or other open receptacle, and also to sell all alcoholic beverages in original containers for consumption off the premises, provided, however, that no licensee shall

6. No licensee shall have in his employ anyone under the age of twenty-one years or any female bartender, provided, however, that persons failing to qualify as to age may, on the approval of the Board of Commissioners of the Mayor and Aldermen of Jersey City, be employed by any licensee, but said employee shall not in any manner whatsoever sell or solicit the sale of any alcoholic beverages.

7. No female shall be permitted to be served at a public bar nor shall any alcoholic beverage be sold over said bar to and for any female to be consumed upon the premises or for consumption off the premises except in original containers, provided, however, that this shall not limit the right to sell alcoholic beverages at tables to females over the age of twenty-one years in restaurants, hotels or clubs duly licensed pursuant to these rules and regulations, and provided further that no female shall be served any alcoholic beverage in any room attached to or connected with or part of or pertaining to any barroom or what is known in the general acceptance of the term as the "back-room of a barroom."

Commencing May 1, 1934, every licensee shall report every month to the Department of Public Safety, on forms supplied by said Department, the amount of all alcoholic beverages on the licensed premises and shall set forth in full detail the person, firm or corporation from whom said alcoholic beverages were purchased, and by whom, how and when delivered, the number and size of the containers purchased and sold, the age and brand of such alcoholic beverage, and such other information as said Department may from time to time require.

10. Following every sale of distilled or fortified or rectified or blended alcoholic beverages for consumption on the licensed premises each licensee shall retain upon the licensed premises all containers so sold with the broken seals and stamps thereon until written permission of the Department of Pub-

lic Safety is given for the removal thereof, whereon said last mentioned containers shall forthwith be removed or destroyed as directed by said Department of Public Safety.

11. If any container, filled, partly filled, or empty, shall be found upon the licensed premises of any licensee without all lawful and proper stamps attached thereto or with broken, forged, counterfeits or any unlawful stamps or if such stamps whether attached to any container or not shall be found upon such licensed premises; then and in either of such events this license may be immediately revoked.

12. All mixed or concocted drinks to be consumed on the licensed premises of any licensee shall be prepared, mixed or concocted in full view of the purchasers, whether the same are served at the public bar or at tables and the distilled or fortified, or rectified or blended alcoholic beverages used in the preparation, mixing or concocting of said mixed drinks shall be taken only from the sealed "nips" as hereinbefore referred to.

13. Any license issued hereunder may be suspended or revoked by the Board of Commissioners of the Mayor and Aldermen of Jersey City for any violation of these rules and regulations. No suspension or revocation of any license shall be made until a five-day notice of the charges preferred against the licensee shall have been given to him personally or by mailing same by registered mail addressed to him at the licensed premises and a reasonable opportunity to be heard thereon afforded to him. Such suspension or revocation shall apply to the licensee and may apply to the licensed premises. Any revocation shall render the licensee ineligible to receive any other license under these rules and regulations for a period of two years from the effective date thereof and may in the discretion of the said Board of Commissioners of the Mayor and Aldermen of Jersey City, render the licensed premises ineligible to become a subject for any future license under these rules and regulations during the said period of two years.

CITY ORDINANCE

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of the following ordinance:

"An ordinance to regulate the issuance of limited retail distribution licenses and club licenses for the sale and distribution of alcoholic beverages,"

the City Clerk read the public notice and the ordinance, and then called for anyone who might desire to protest against the final passage thereof.

Mr. Walton Van Natta appeared with petition representing 1,500 grocers and requested that the Board charge $150 fee. Mayor Hague responded, saying that the Commission had no objection to permit them selling hard liquor, but that the $500 license must stand.

Mr. George Havemeyer also appeared in support of the $150 license fee for grocers.

Commissioners Fagen moved the final passage of the following ordinance, seconded by Commissioner Potterton, and carried.

By Mayor Hague:

Resolved, That the following ordinance do now pass:

An ordinance to regulate the issuance of limited retail distribution licenses and club licenses for the sale and distribution of alcoholic beverages.

The Board of Commissioners of the Mayor and Aldermen of Jersey City do ordain:

Section 1. Pursuant to the provisions of Chapter 85, P. L. 1934, no limited retail distribution license and no club license shall be issued in Jersey City; provided, however, that nothing herein contained shall be taken as prohibiting persons or organizations who may be affected by the terms of this ordinance from applying for and obtaining, subject to the rules and regulations heretofore adopted or hereafter adopted by the Board of Commissioners of the Mayor and Aldermen of Jersey City, plenary retail consumption licenses or plenary retail distribution licenses.

Section 2. This ordinance shall take effect immediately upon its adoption.

The City Clerk read the foregoing ordinance as ready for final passage.

The roll being called, the ordinance was passed by the following vote:

Yeas: Commissioners Beggans, Fagen, Potterton, Wolfe and Mayor Hague.
Nays: None.

By Commissioner Fagen:

Resolved, That the hearing on the foregoing ordinance do now close.

Adopted.

Yeas: Commissioners Beggans, Fagen, Potterton, Wolfe and Mayor Hague.
Nays: None.

At this time Counsellor Howard McIntyre appeared in behalf of the application made by Henry Corenfield to conduct a saloon at 50 Storms Avenue, stating that he was given to understand that the Y. W. C. A. had protested the granting of this license; that the Y. W. C. A. had no ground to protest; that the said premises is not within two hundred feet of any public building or church, and because the applicant has spent some $1,500, he should be granted said license.

Mayor Hague stated that a letter was received from the Y. W. C. A. asking for a further delay and a hearing on the application. We expect to grant them this courtesy, and the Commission has set May 8, at which time it will come up before Commisisoner Wolfe.

From Director Wolfe, report on application of Henry Cornfield for license at 124 Storms Avenue, Jersey City, N. J. Recommend license be denied.

Received and referred to Miscellaneous Business for further action.

From Director Wolfe, report on six (6) violations Section 13. Recommend suspension five (5) days for each, beginning May 21, 6 a. m. and ending May 26, 6 a. m.

Received and referred to Miscellaneous Business for further action.

From Director Potterton, submitting supplemental debt statement as of May 15, 1934.

Received and ordered filed.

At this time Counsellor Langan, representing Collins and Corbin appeared before the Board in connection with the application of Henry Cornfield for a plenary retail liquor license at 124 Storms Avenue.

By the Mayor:

I told the applicant this morning that there was no objection to his standing or his reputation whatsoever, and I asked him to locate in some other place, because of the religious services held in that Y.W.C.A. building and it is right across from the saloon. If you can get another location we will be glad to help you. You are directly across the street. There are other places just as good.

By Mr. Langen:

This place is about 147 feet away as I understand, from the rear entrance of the Y.W.C.A. I approve of what your Honor says about the rules.

(Read the 1933 statutes concerning liquor licenses). It states a church or public school house. In this case, the Y.W.C.A., it is neither a church or school house. It seems to me that the ruling recommended by Commissioner Wolfe in this case, is much stricter than the statute requires. We had a hearing before Commissioner Wolfe. Mr. Cornfield had been operating there under a temporary license. There is no complaint amounting to anything in the manner in which it was conducted. Mr. Cornfield is a reputable citizen. It means a lot to him. He has invested a lot of money. I would certainly like to see the Commission give him an opportunity and reconsider the matter. It is depriving him of the right to operate his business because it happens to be near the rear entrance of the Y.W.C.A. and it is imposing a hardship on the applicant which he does not deserve.

By the Mayor:

I am familiar with the conduct and management of the Y.W.C.A. I walk through there frequently and I see hundreds of girls and I don't think it would be the proper attitude for the Commission to take in view of those hundreds of girls and clergymen coming there to hold religious services. I can say now, that there are more girls using the rear entrance than the Fairmount Avenue side. As I said, there are no objections to your client. The Commissioner granted the temporary license without knowing of this objection. Here is the saloon right across the way from where these girls are living and sleeping.

By Mr. Langen:

There is another matter I would like to bring to your attention and to the attention of the other Commissioners. The Pax Holding Company, which owns this property, is a substantial property holder and paying thousands of dollars to the City. During the depression, a great many of the stores in this property were vacant and the property for a long while has not been self-sustaining. The principal owners of the Pax Holding Company are good citizens of the City and are anxious to pay their taxes. If they cannot rent this place to Mr. Cornfield, they will be unable to pay their taxes. I think that Mr. Cornfield will operate the place in the proper manner. Even the Y.W.C.A. have no objection to Mr. Cornfield. He is not going to operate this place to embarrass anyone. Mr. Cornfield did not let any of those girls in and would not permit it. I think it is a very severe hardship being placed on Mr. Cornfield's shoulders.

By the Mayor:

I agree with you as regards the property owner, but the conditions are there and I don't see how we can close our eyes to such conditions that exist. There is no complaint about the reputation of the use of the store or the previous occupants of the store. It is the Y.W.C.A. that has hundreds of girls who have said this place is their home, where religious services are held and object to a saloon. We feel that we are in duty bound to live up to the recognizing of this protest as we are to recognizing the fact that the law provides for two hundred feet from the church. Your client is alright to us. There has never been a word uttered casting any reflections on your client, the owners of the property or the applicant. This Commission wants to grant the license, but the conditions have presented themselves, that will also be presented later on.

By Mr. Langan:

I think the answer to the Y. W. C. A. is the statute.

By The Mayor:

There is something more than the statute. There is a moral side. The same as we have done in the past in governing the City. If it was some protest because of a conflict or a competitor, it would be another matter.

By Mr. Langan:

If this license is denied to Mr. Cornfield, he is very likely to ask my firm, Collins and Corbin, to apply for a writ of mandamus. Your Honor would not want any additional expense. Might I ask that you refer it to the Corporation Counsel for a question as to whether or not, if this license is denied, the applicant would be successful in his application for a writ of mandamus.

By The Mayor:

I think it is unfair for us to hang in doubt on such a matter.

By Mr. Langan:

Why could you not refer it to the Corporation Counsel for a question as to whether or not it is their opinion that by a writ of mandamus Mr. Cornfield could be granted a license?

By The Mayor:

This Commission feels it is a keen duty to act on this application. We have no hesitancy in saying to you if you want to take this matter to court and you get relief from the court, it is all right with us. If this man has any rights and by our action we are taking a legal right away from him, it is perfectly all right for you to take the matter into court.

By Mr. Langan:

Our objection will be noted on the record?

By The Mayor:

Yes, sir, it will.

Thereupon the report of Commissioner Wolfe on this application was referred to Miscellaneous Business for further action.
